a preface to economic democracy | Book Library

Robert Dahl, author of the classic A Preface to Democratic Theory, explores this alleged conflict, particularly in modern American society where differences in ownership and control of corporate enterprises create inequalities in resources among Americans that in turn generate inequality among them as citizens. Arguing that Americans have misconceived the relation between democracy, private property, and the economic order, the author contends that we can achieve a society of real democracy ...

A preface to economic democracy (Book, 1985) [WorldCat.org]

Economic democracy is a socioeconomic philosophy that proposes to shift decision-making power from corporate managers and corporate shareholders to a larger group of public stakeholders that includes workers, customers, suppliers, neighbours and the broader public. No single definition or approach encompasses economic democracy, but most proponents claim that modern property relations ...

Description: A preface to economic democracy

□A Preface to Economic Democracy□ is a short book and the title is not coy. It really is a preface, concerned primarily with deducing the legitimacy of worker self-government from common American beliefs about political democracy, and secondarily with sketching out a plan for implementing that ideal.
