Summary in Hindi A Sedimentation Of

The Mind

A Sedimentation of the Mind: Earth Projects The earth's surface and the figments of the mind have a way of disintegrating into discrete regions of art. Various agents, both fictional and real, somehow trade places with each other-one cannot avoid muddy thinking when it comes to earth projects, or what I will call "abstract geology."

## Sedimentation of the Mind: Earth Projects - Robert ...

In the article, "A Sedimentation of the  
Mind: Earth Project" Smithson  
investigates the relationship between  
art and the earth or in other words the  
human mind and the earth. He focuses  
on the landscape theory whereby he  
believed that art played a major role in  
understanding the landscape.

# Read Online A Sedimentation Of The Mind

According to him, just like life and nature, good art should be in a continuous process of movement and should be instrumental in understanding the landscape.

## A Sedimentation of the Archival Mind,

1. Beyond identity and difference there is the realm of the undifferentiated, indifferent, arbitrary, banal, nondescript, uninteresting, unremarkable, non-identical, and non-different.” —Boris Groys.

## A Sedimentation of the Archival Mind,

### 1 | post

Maurice Merleau-Ponty coined the term ‘sedimentation’ in his book Phenomenology of Perception (1945). He uses it to describe the process of taking on information about our bodies and environment in a form that enables us to act intelligently without much attention, effort or thought.

in talus deposits, or accumulations of rock debris at the base of cliffs.

Sedimentation | geology | Britannica  
Sedimentation is the phenomenon that Brownian particles attain a certain velocity under the action of an external field. This translational velocity is referred to as the sedimentation or settling velocity. The most common example of an external field is the earth's gravitational field.
