Travel with James Emery White through time and space to visit places like Martin Luther's Wittenburg, where the 95 theses were nailed to a church door, or The Eagle and Child pub, where C. S. Lewis, J. R. R. Tolkien and the other Inklings met to write and dream together. You'll encounter many of the important spiritual sites of the history of Christianity and get a flavor for what it was like to be in that place at that time. White then takes you even deeper, exploring key themes from these historical moments such as calling, conversion and spirituality and showing their implications for the Christian life today.

A recent Newsweek poll reports that 76 percent of Americans believe in heaven. Yet even avid believers have difficulty conjuring up more than vague images of halos, harps, and wispy angels in flowing robes. Anthony DeStefano knew there had to be a more complete, meaningful, and comforting vision of what heaven is like, and *A TRAVEL GUIDE TO HEAVEN* is the entertaining and enlightening result. Using the Bible as his guide, the author notes that heaven is not only a spiritual place, but also a physical place, a fabulous “luxury resort” more sumptuous than any on Earth. The residents are real, their bodies transformed into their most perfect selves—physically, emotionally, and spiritually. By making a spiritual subject immensely physical, the book provides a picture of amazing places to visit, things to do, luxuries for pampering—not to mention deep, abiding joy. Combining the clarity and logic of C. S. Lewis with a terrific sense of fun and adventure, DeStefano creates a brilliant, reassuring portrait of heaven, a place that has intrigued and puzzled humankind throughout history. With its clear view of the afterlife, *A TRAVEL GUIDE TO HEAVEN* might best be compared to James Van Praagh's *Talking to Heaven* or Betty J. Eadie's *Embraced by the Light* in its tremendous message of comfort and reassurance.

The idea of "The Green Book" is to give the Motorist and Tourist a Guide not only of the Hotels and Tourist Homes in all of the large cities, but other classifications that will be found useful wherever he may be. Also facts and information that the Negro Motorist can use and depend upon. There are thousands of places that the public doesn't know about and aren't listed. Perhaps you know of some? If so send in their names and addresses and the kind of business, so that we might pass it along to the rest of your fellow Motorists. You will find it handy on your travels, whether at home or in some other state, and is up to date. Each year we are compiling new lists as some of these places move, or go out of business and new business places are started giving added employment to members of our race.
