Wood has unique qualities, yet is undervalued or

File Type PDF A World History Of Architecture

ignored in histories of architecture. However, leading designers around the world are increasingly drawn to it to satisfy social and environmental needs. Will Pryce, the most admired architectural photographer

File Type PDF A World History Of Architecture

in Britain, has travelled the world seeking both famous and obscure buildings in wood. Intensely dramatic but not over-dramatized, technically flawless, but not merely documentary, his photographs convey all the

excitement of encountering these amazing structures first hand. In the substantial text he shows how the wooden heritage of Japan grew from its Buddhist history; how Russia's carpenters determined its
