Will we worship ourselves and our own desires, or will we worship the true God? Scripture reveals addicts' true condition: like guests at a banquet thrown by "the woman Folly," they are already in the grave. (Prov. 9:13-18) Can we not escape our addictions? Following Jesus, we have immense hope that God can give power so that we are no longer mastered by the addiction. - Publisher.

"The Heart of Addiction Workbook" provides a deeper study into the problem of addiction from a Christian perspective. The workbook is intended to draw the reader closer to Christ while facilitating the cultivation of a close, meaningful relationship with a trusted Christian friend.

In an age of tell-all addiction memoirs and reality television programs, we gulp down the stories of others in the hope that we, too, can be overcomers/even as we continue to love a person, substance, activity, or ideology too much. As Sharon Hersh writes, [We all suffer from the same condition.] In The Last Addiction, she explores why we are prone to addiction[to make one thing in our lives more central than it should be]and how we can break free of our compulsions. This is not a book of [self-help] answers or [how-to] steps. It is a book about falling down and getting up again, about realizing that we need more than ourselves to be saved. The truth is, we're not as bad as we think we are[and we are worse than we ever dreamed. When we live between those two realities, we are ready to let go of the last idol: the belief that we can save ourselves. The Last Addiction invites you to see your own story more clearly as you better understand your longing for intimacy. It invites you to love boldly and receive love in return. It invites you to the freedom of redemption.

This volume demonstrates a central conviction of the Reformed tradition—that theology must honor the historic witness of the church as catholic while being faithful to the new tasks of the present-day church. It offers selections from Reformed theology, creeds, confessions, and church documents of the nineteenth and twentieth centuries.

We all know how it feels to be trapped. We feel trapped by things outside of us[where we live, our culture, the economy, and world events. But we also feel trapped by our background, upbringing, natural abilities, and our physical and emotional limits. As if that's not enough, we can also feel trapped by wrong choices, destructive habits, bad luck, and difficult relationships. How can we find the freedom we crave? Author Andy Farmer is convinced that there is a way to get free from any trap we face in life. Trapped takes one of the great themes of the gospel[the truth that we've been ransomed to freedom in Christ]and applies it to some of the most troubling, life-controlling issues we face. Farmer demonstrates compellingly that the gospel doesn't just solve our sin problem with God, it actually gives us what we need to battle against the complex everyday struggles[like laziness, addiction, or approval-seeking]that keep us from experiencing freedom and peace. We don't [get free] all in one moment, explains Farmer, but we learn to walk out freedom[step by step]even in the hardest parts of our lives as we come to know Christ. Trapped explores our [freedom to] and not just our [freedom from][showing how the gospel actually gives us the incredible freedom to deal with our problems in a life-giving way. Through individual chapters on issues like laziness, fear of man, addictions, and escape through pornography or eating disorders][Farmer models the intensely practical, everyday gospel application he promotes. Readers will catch his vision for living life beyond the traps that most of us have given up on escaping.

No More Hiding Shame controls far too many of us. Worthless, inferior, rejected, weak, humiliated, failure...it all adds up to wishing we could get away from others and hide. We know what shame feels like. The way out, however, is harder to find. Time doesn't help, neither does confession, because shame is just as often from what others do to you as it is from what you have done. But the Bible is about shame from start to finish, and, if we are willing, God's beautiful words break through. Look at Jesus through the lens of shame and see how the marginalized and worthless are his favorites and become his people. God cares for the shamed. Through Jesus you are covered, adopted, cleansed, and healed.

Broken Chains describes the cause, remedy, and maintenance of liberty from habits and addictions. The book is based on biblical truth applied in individual reality. Part One describes the nature of addictiveness and its cause. Part Two describes how one can be freed from the habit or addiction. Part Three describes how one remains free. The book is designed to be read by an individual as well as with two or more people. End of chapter questions assist in facilitating group discussions.

Edward T. Welch reveals God's plan for encouraging those in the grips of fear. One of the haunting dilemmas of the human condition is that fear is "an inescapable feature of earthly life." Every person who has lived on this earth has encountered fear. Tragically, for this reason our race for the good life finds us all too often "running scared." In his new release, Running Scared, Edward T. Welch investigates the roots of fear in the human soul and the ramifications of living in the grips of anxiety, worry, and dread. Welch encourages readers to discover for themselves that the Bible is full of beautiful words of comfort for fearful people (and that every single person is afraid of something). Within the framework of thirty topical meditations, Welch offers sound biblical theology and moment-by-moment, thoughtful encouragement for life-saving rescue in the midst of the heart and mind battlefield of rampant panic-stricken responses. This comprehensive primer on the topic of fear, worry, and the rest of God will have readers retreating to scripture for invariable constancy, stalwart care, and robust comfort, instead of as Welch terms it, "hitting the default switch" by responding with characteristic human independence, control, and self-protectiveness. Running Scared affirms that, through Scripture, God speaks directly to our fears: On money and possessions On people and their judgments On death, pain, and punishment Welch's lively text provides convincing evidences that humanity's struggle against active and dormant fears are countless. The good news is that God provides both the remedy and the cure for this malady in the person of Jesus Christ, the work of the Holy Spirit, and through powerful, life-altering promises in Scripture. Far more than merely another psychology "self-help" guide, Running Scared serves as a biblical roadmap to a life of serenity and security.
