This interdisciplinary examination of corporate insolvency law assesses recent reforms and anticipates new legislation.

"One icy winter's evening in Budapest, a man runs straight into John Taylor as he walks home through the narrow streets. John falls over into the snow and looks up at the man's face. 'I felt very afraid. Because what I saw was me. My face looking down at me. My mouth saying sorry.' Who is the man, and how will John's life change?"

Offers a collection of true facts about animals, food, science, pop culture, outer space, geography, and weather.

This book offers an accessible, practical and engaging guide that provides sample instructional activities supported by theoretical background information, with a focus on the nature of the instructional process in relation to several variables. It approaches instructional models, strategies, methods, techniques, tactics and planning from a new perspective and shares effective tips to help readers better understand the instructional process and its theoretical elements. The book addresses the following questions: What is the nature of the instructional process? What are the classifications of contemporary models and strategies developed within the instructional process? Which groups yield the most effective methods and techniques, and how can they best be practically implemented? What are the instructional tactics teachers need to take into consideration, in which groups are they collected, and which tips can help us employ each tactic? Additionally, readers can adapt the book's ready-to-use sample activities to their own educational settings. Overall, this book offers an enlightening discussion on contemporary practices related to the teaching process, a broad and holistic theoretical framework, and an ideal reference source for all students and scholars who are interested in the educational sciences.

This is a revised and enlarged edition of report 30 proposing a new Code of Substantive Criminal Law for Canada. The proposed Criminal Code expresses the essential principles of criminal law and rules of general application. It defines most of the crimes of concern to a modern industrialized society. At the same time, it drops archaic provisions but addresses modern day social problems like pollution and terrorism. Title I is the general part containing rules of general application; Title II contains most of the crimes against the person; Title III enumerates most of the crimes against property; Title IV lists crimes against the natural order; Title V deals with crimes against the social order; and Title VI encompasses crimes against the governmental order.

A careful analysis of the fundamentals of bankruptcy law.

What implications are there for the criminal law from the philosophy of action? Providing a unified account of the theory of action presupposed by both Anglo-American criminal law and the morality that underlies it, Moore develops a coherent theory of action in philosophy and assesses its effects on criminal law.

A representative and authoritative 'state of the art' account of human development from conception to adolescence. Written at an easy-to-comprehend level by an international team of respected researchers, conveying their knowledge with enthusiasm and skill. Full supporting materials - chapter overviews, discussion questions, suggestions for further reading, and glossary. Chapters covering applied issues in developmental psychology
