Kaplan's, 5-Steps, Crash Course and other review books are great resources for the last month before the exam, but the Tamm's Textbook Tools series of student

activity books are an accompaniment all year long. This AP* World History companion is filled with vocab, activities and assignments that follow the Strayer & Nelson Third Edition of Ways of the World for all 23 chapters. The activities in this workbook can be used as regular weekly assignments or reviews. They can be used on short notice if there is a sub, or be assigned as regular homework. All you need is the textbook. Teachers can copy at will, or use the book as a student consumable. As publishers began putting their content online, a niche for traditional classwork was opened, a void filled by this series. And whether the textbook itself is written in ink or electrons, many students still find it more valuable to write and keep notes for themselves on paper, and portfolios still matter. The activities in this workbook challenge students to apply the concepts, give examples, and diagram every chapter. Find TTT on FB.
