Reprint. Originally published: London: Secker & Warburg, 1938.

This text details the entire OpenGL ES 3.0 pipeline with detailed examples in order to provide a guide for developing a wide range of high performance 3D applications for embedded devices

A copy of a PDF of Menut's transcription and commentary of Oresme's Livre de Politiques

A new edition of this classic with extensive notes. Rudolph Rucker remains one of the most important figures in the history of anarchism, from his key role organizing against sweatshop labor in London in the 1900s to being the moving spirit behind the founding of the largest ever anarchist international--the IWMA IN 1921. In his later years he tried to chronicle the rise and fall of mass, organised anarchism in Europe. Anarchism and Anarcho-Syndicalism is Rucker's abridged version of his major work Anarcho-Syndicalism and helps to explain where organised anarchism came from. This book's lessons are a must for anyone interested in where it's going.

The Rank Wars is racing towards a conclusion as the final squads battle to determine their final rankings. Katori is as difficult to deal with as ever, and her squadmate Wakamura is having none of it. But mid fight, Katori suddenly tells Wakamura that he gets to call all of the shots. Will Wakamura be able to handle the pressure? And with the Rank Wars over, the Away Team selection exams are on the horizon. But first, Jin and Rindo need to have a little chat with a handful of familiar Neighbor Invaders from Galopoula...about Yotaro. -- VIZ Media
