In September 1995, Brenda Kaye Robinson was a single mother living an ordinary life in rural Sussex County, Delaware. Then one night she awoke to a nightmare of unspeakable horror. The savagery that took place inside her home as her 11-year-old son lay sleeping in a nearby room, changed her life forever. "When Death Comes Knocking" chronicles Robinson's journey of faith as she struggles to deal with both the physical and emotional trauma of the vicious attack, and a decade-long search for justice. The twists and turns this case takes are a testament to the significance of forensic science. "When Death Comes Knocking" is a glimpse into the sadistic, mind-numbing and unpredictable side of justice. Kaye Robinson's story has been featured on "Forensic Files (tm)" in an episode titled "Smiley Face." In his Forward for this book, Forensic Files (tm) creator and producer, Paul Dowling, says, "Our episode about Brenda Kaye Robinson's case is one of the best we've ever produced. Why? Because her story challenges many of our long held beliefs about crime scene investigations and our criminal justice system."
