While in the Mississippi State Archives tracking down Abbott Ferriss's beautiful photographic portraits of musicians from 1939, author Harry Bolick discovered, to his amazement, a treasure trove of earlier fiddle tunes in manuscript form. Since then he has worked to understand how this collection

Read Free Behavioral Science In Medicine

came to exist and be set aside. With Stephen T. Austin, Bolick has transcribed the subsequent 1939 audio recordings.

Mississippi Fiddle Tunes and Songs from the 1930s presents the history of the collecting work, with over three hundred of the tunes and songs and a beautiful selection of period photographs. In the summer of

Read Free Behavioral Science In Medicine

1936, over one hundred fiddle tunes, many of them unique, along with thousands of songs, were collected and notated throughout a large part of Mississippi. Roughly 130 novice field workers captured beautiful tunes and tantalizing fragments. As a body of work, it is an unparalleled and fascinating snapshot of vernacular music as

Read Free Behavioral Science In Medicine

heard in Mississippi in the early part of the recorded era. However, this music was unpublished and forgotten. In 1939, building on the contacts made three years earlier, Herbert Halpert led one of the last and best executed of the WPA folklore projects which recorded audio performances in Mississippi. Some, but not

Read Free Behavioral Science In Medicine

all, of those distinctive fiddle tune recordings have been published. Additionally through cassette tape copies passed hand to hand, some of these distinctive tunes have regained currency and popularity among contemporary fiddlers. In Mississippi Fiddle Tunes and Songs from the 1930s, this great music is at last widely available. Selected

Rabindranath Tagore is widely regarded as a poet-philosopher and educationist, but his novels remain a relatively underexplored

Read Free Behavioral Science In Medicine

aspect of his oeuvre. Focusing on gender and modernity as key features of his fiction, this book charts Tagore's evolution as a novelist from self-conscious psychologizing in Chokher Bali to an engagement with nationalism in Gora and Ghare Baire (The Home and the World); a portrayal of asceticism and desire in Chaturanga
