**Haunting Emma Series by Lee Nichols - Goodreads**
I read book 1 in a day, book 2 I read in 4 days. It wasn't as entertaining and I've been trying to decide between 3-4 stars so I'd say a solid 3.5. I do like this series, I really love Emma and Natalie. The characters are great, Coby's ghost was in this one a lot and I really like Coby as well as the jocks who taunt Emma.

**Betrayal (Haunting Emma) by Lee Nichols—Read Print**
Emma has visions and sees ghosts - that is kind of a spoiler as ghosts don't feature until you are somewhat into the book, but not really a spoiler, as the reader is aware of it long before Emma is. While I did enjoy reading it and the descriptions are fun, I can't quite rate it as three This was a pleasant, supernatural-ish young adult novel.

**Deception (Haunting Emma, #1) by Lee Nichols**
Lee Nichols is the author of the first Haunting Emma novel, Deception, as well as five books for adults. She lives in Maine and is married to novelist Joel N. Ross. ... Emma quickly learns that someone has infiltrated her inner circle of friends and finds herself faced with deadly betrayal. This balances against Emma's very ordinary life as a ...

Emma Vaile is the most powerful ghostkeeper in centuries. Which is great when she's battling the wraith-master Neos, but terrible when she's flirting with fellow ghostkeeper (and love interest) Bennett. When ghostkeepers fall in love, the weaker one loses all power, and that's something Bennett is not willing to accept. Heartbroken and alone, Emma tries to lose herself in school. A new team of ghostkeepers has arrived - one a snarky teen boy, the other a visiting scholar - and Emma finds solace in training for the battle against Neos. But as the team grows stronger, they are threatened by an unknown force. As chilling and page-turning as Deception, this sequel will grab readers and hold them to the last page. No one is safe from suspicion as Emma closes in on the traitor.

When Emma Vaile's parents leave on a mysterious business trip, it gives her the perfect excuse to be a rebellious teen. But then her best friend stops talking to her, the police crash her party and Emma finds herself in the hands of a new guardian, Bennett Stern, and on a plane to his museum-like mansion in New England. After enrolling at Thatcher Academy, Emma settles in by making friends with the popular crowd. She has memories of Thatcher she can't explain and strange visions are haunting her. Emma doesn't trust anyone any more - except maybe Bennett. But he's about to reveal a ghostly secret to her. One that will explain the visions . . . and make Emma fear for her life.

After a devastating battle at headquarters in New York, the ghostkeeping world is in shambles. When Emma and Bennett return home, they are determined to defeat the wraithmaster, Neos, forever. But it's not going to be easy. Bennett's parents kick him out when they realize he is still using drugs to enhance his powers. Emma is convinced her aunt has come back from the dead to warn her of a new threat. And worst of all, Neos is using wraiths to possess the students at Thatcher Academy. If the ghosts manage to take over the entire school, even Emma won't be strong enough to stop them. But if either she or Bennett sacrifice his or her powers, they might be able to save the ghostkeeping world once and for all-and break the "ghostkeepers lose their powers when they fall in love" curse. The question is: who will be the one to surrender all power? Fast-paced and romantic, this conclusion to the Haunting Emma trilogy will thrill readers as it brings the ghostly mystery to a close.

This is the era of Luke Skywalker's legacy: the Jedi Master has unified the order into a cohesive group of powerful Jedi Knights. However, as this era begins, planetary interests threaten to disrupt this time of relative peace and Luke is plagued by visions of an approaching darkness. Melding the galaxy into one cohesive political whole after the savage war with the Yuuzhan Vong is not the easiest task, and already some worlds are chafing under the demands of the new government. Civil war may be brewing, and the Skywalker-Solo clan find that they might not all be on the same side. Meanwhile, evil is rising again--out of the best intentions--and it looks like the legacy of the Skywalker may come full circle...

A debut novel of epic fantasy featuring an unlikely hero and his life-changing adventure from the author of the Quests of the Kings Trilogy. Long after the last of the great heroes of old has died, the Undead King is stirring again, amassing a goblin horde ready to sweep out of the mountains and destroy all of humanity. The only thing preventing utter annihilation is Edmund, a stuttering librarian who knows a secret—one that every thief, assassin, and king would kill to have. Fleeing from relentless peril, Edmund wages a solitary battle against an ancient evil. But how can one man succeed when so many before him have failed? “This unique plot is oozing creativity. You have to give it a read to properly understand why . . . You will not be disappointed, it is an excellent read!” —Only the Indies “In many ways, Riddle in Stone harkens back to the early days of modern fantasy where the hero is really an everyman confronted with an impossible task and, despite his own innocence, insecurities, and sense of inadequacy, accomplishes that which the great heroes of the time could not. Yet, there are enough differences to give it a fresh feel.” —Maxine McLister

APPLICATION FOR EMPLOYMENT Name: Elle Medina Marital Status: I'm separated from my fiancé. Occupation: He was a highly paid attorney. Employment History: You mean mine? Technically I haven't exactly worked before. But I'm motivated and I work well with others. Most others. Usually. Career Goals: I thought I was happy with Louis, but now I'm not sure. Ever since he dumped me for some floozy, I've been thinking I should find out what I'm good at and pursue it in a formal job-type way. Salary Requirements: I need my own apartment (currently staying on friend's sofa) and a car. And I've always wanted a dog. Oh, and I definitely need a shopping trip. Elle Medina must be qualified for something other than shopping and causing trouble, but when she moves to Santa Barbara after the end of her engagement, what she's suited for isn't clear. Bartender? Private eye? Phone psychic? It seems like everything she tries ends in humiliation or legal action—or both. Her best friend is getting sick of her, her new boyfriend's a con artist and her creditors are on her trail. So why is this the happiest Elle's been in years?

For Anne Olsen, new and improved is the only way to live. So how'd she fall for a secondhand man? Charlotte had the Malibu Barbie with a full wardrobe, Emily inherited a slightly used Barbie with two outfits and Anne was left with a one-armed, bald Barbie who enjoyed nudist colonies. It's little wonder that at twenty-nine, Anne drives a new car, eats only from freshly opened packages and thinks antique is a euphemism for moldy. After growing up in the shadows of her older sisters—one a swimsuit model, the other a pop-feminist—Anne's personality is one part sibling rivalry and two parts VD (stands for Vague Dissatisfaction, and yes, it itches). Now she's the self-professed underachiever in the family, determined to find happiness on her own terms. But when her sister's ex-boyfriend—seemingly perfect, potentially interested—reenters her life, Anne's got to ask: Could she possibly fall in love with a hand-me-down man?

“One of the most essential artists produced by the twentieth century, Pinter's work gets under our skin more than that of any living playwright.” —New York Times Upon its premiere at the National Theatre, Betrayal was immediately recognized as a masterpiece. It won the Olivier Award for best new play, and has since been performed all around the world and made into an Academy Award-nominated film starring Jeremy Irons, Ben Kingsley, and Patricia Hodge. Betrayal begins with a meeting between adulterous lovers, Emma and Jerry, two years after their affair has ended. During the nine scenes of the play, we move back in time through the stages of their affair, ending in the house of Emma and her husband Robert, Jerry's best friend. “[Betrayal] deals with the shifting balance of power in triangular relationships, and with the pain of loss. . . Pinter probes the corrosive nature of betrayal . . . a world where pain and loss are explored with poetic precision.” —Guardian “Betrayal is an exquisite play, brilliantly simple in form and courageous in its search for a poetry that turns banality into a melancholy beauty.” —Newsweek “There is hardly a line into which desire, pain, alarm, sorrow, rage or some kind of blend of feelings has not been compressed, like volatile gas in a cylinder less stable than it looks . . . The play's subject is not sex, not even adultery, but the politics of betrayal and the damage it inflicts on all involved.” —Times (UK)

In Connie Berry's third Kate Hamilton mystery, American antique dealer Kate Hamilton's spring is cut short when a body turns up at the May Fair pageant. Spring is a magical time in England—bluebells massing along the woodland paths, primrose and wild thyme dotting the meadows. Antiques dealer Kate Hamilton is spending the month of May in the Suffolk village of Long Barston, enjoying precious time with Detective Inspector Tom Mallory. While attending the May Fair, the annual pageant based on a well-known Anglo-Saxon folktale, a body turns up in the middle of the festivities. Kate is even more shocked when she learns the murder took place in antiquity shop owner Ivor Tweedy's stockroom and a valuable Chinese pottery jar that she had been tasked with finding a buyer for has been stolen. Ivor may be ruined. Insurance won't cover a fraction of the loss. As Tom leads the investigation, Kate begins to see puzzling parallels between the murder and local legends. The more she learns, the more convinced she is that the solution to both crimes lies in the misty depths of Anglo-Saxon history and a generations-old pattern of betrayal. It's up to Kate to unravel this Celtic knot of lies and deception to save Ivor's business.

"Both twisted and twisty, this smart psychological thriller sets a new standard for unreliable narrators." —Booklist, Starred Review One night three years ago, the Tanner sisters disappeared: fifteen-year-old Cass and seventeen-year-old Emma. Three years later, Cass returns, without her sister Emma. Her story is one of kidnapping and betrayal, of a mysterious island where the two were held. But to forensic psychiatrist Dr. Abby Winter, something doesn't add up. Looking deep within this dysfunctional family Dr. Winter uncovers a life where boundaries were violated and a narcissistic parent held sway. And where one sister's return might just be the beginning of the crime.
