Let's be honest. No woman really wants to be alone for the rest of her life. But does being alone mean you're doomed to be miserable forever? Definitely not! And does being single have to equal lonely? No way! You can have the best time of your life when you're single, but you wouldn't know that from our relationship obsessed society, where celebrity magazines devote the majority of their content to who's dating whom and the wedding industry is a \$100-billion business. Yet more than a third of marriages end in divorce, and countless other couples languish in unions that shouldn't have happened in the first place. Don't become a statistic—love yourself and never settle! Jen Schefft knows that better than almost anyone. In 2003, she got engaged in front of millions of people on television's *The Bachelor*, only to see it end nine months later when the relationship just wasn't right anymore. A year later, she turned down an engagement on *The Bachelorette*, and the backlash was relentless. She was labeled a "spinster" by a celebrity magazine, and a noted national talk-show host remarked that she would be "a bachelorette for the rest of her life." This is a terrible message to send to the millions of sensational single women out there, and in *Better Single Than Sorry* Schefft makes it her mission to let women know that it's better to be single than to be in a relationship that doesn't make you happy. With testimonials from women of all ages—single, married, in committed relationships, with children (even single moms) and without—this book tells you how to let go of your fear of being alone and how to love yourself and never settle for a relationship that is anything less than you deserve. Written in a conversational style, as if talking with your best friend, Schefft helps you navigate the pressures of a culture that places an unhealthy importance on being in a relationship and shows you how to find happiness in work, home, and the simple pleasures of everyday life. Above all, she shows you how it's far, far better to be single than sorry. Being single is a time to have fun, learn new things, grow, and blossom—not a time to feel desperate or depressed, so cherish it!

'It's time for women to start telling the world - and each other - why it's better to be single than sorry. Yes, it's great to have a boyfriend or a husband, and I'm not suggesting women give up the idea of happily ever after, but I don't believe in settling... The truth is, we know what we're looking for and we must never sell ourselves short.' Life can be fabulous on your own - the antidote to dating books! BETTER SINGLE THAN SORRY has a simple, refreshing and powerful message. It's far better to be single than to end up with someone who doesn't make you happy just because you want to be in a couple, feel pressured by society / your friends / your mother, or you want to get married or have kids. She's all for compromising and being realistic, but she encourages women not to settle for the sake of it. Chapters include: * Being Single is Not a Curse * It Takes Guts to Be On your Own * Don't Play Hard to Get - Be Hard to Get * 50 Reasons Why it's Great to be Single * But All My Friends are Married... * Stop Believing You Can't do Better * Throw Away the Picture of your Ideal Man * Don't Talk yourself into Liking a Guy * Basic Instinct - Trust Yours * What you Want Versus what you Need

Fear. This one small word is responsible for destroying relationships, choking off success, and preventing any number of positive changes. Unfortunately, until the root cause of the fear is addressed, it will continue to control decision-making processes and taint the way we see the world. Dr. Casalinnie Henry confronts this issue head-on in *Avoiding the Fear Trap*, a book that will teach you how to find relief from the fear that follows you throughout your day. Using brief but comprehensive descriptions of basic psychological concepts, *Avoiding the Fear Trap* covers all levels of relationships including individual, familial, and much bigger groups such as your place of employment (corporate) and national. Politicians and corporations alike have used fear to manipulate and control the public as a way to affect their decisions and behavior, but you can be free from that. Don't let fear immobilize you! Combining his Christian faith and years of experience, Dr. Henry has developed a healing technique called *Spiritual Euphoric Therapy*. It is a therapeutic process that teaches individuals and organizations how to overcome fear and delivers hope for the fearful using powerful Christian counseling principles. This new therapy will help you understand yourself better as well as why others behave the way they do. Learn the secret to *Avoiding the Fear Trap* and live a more productive life.

Single Women in Popular Culture demonstrates how single women continue to be figures of profound cultural anxiety. Examining a wide range of popular media forms, this is a timely, insightful and politically engaged book, exploring the ways in which postfeminism limits the representation of single women in popular culture.

This electronic version has been made available under a Creative Commons (BY-NC-ND) open access license. Table for one: A critical reading of singlehood, gender and time is the first book to consider the profound relationship between singlehood and time. Drawing on a wide range of cultural resources - including web columns, blogs, advice columns, popular clichés, advertisements and references from television and cinema, the author challenges the conventional meaning-making processes of singlehood and time. Lahad's analysis gives us the opportunity to explore and theorize singlehood through varied temporal concepts such as waiting, wasting, timeout, age, the life course, linearity and commodification of time. This unique analytical approach enables the fresh consideration of some of our dominant perceptions about collective clocks, schedules, time tables and the temporal organisation of social life in general.

A New York Times Bestseller The first definitive, unauthorized, behind-the-scenes cultural history of the Bachelor franchise, America's favorite guilty pleasure. For sixteen years and thirty-six seasons, the Bachelor franchise has been a mainstay in American TV viewers' lives. Since it premiered in 2002, the show's popularity and relevance have only grown—more than eight million viewers tuned in to see the conclusion of the most recent season of *The Bachelor*. Los Angeles Times journalist Amy Kaufman is a proud member of Bachelor Nation and has a long history with the franchise—ABC even banned her from attending show events after her coverage of the program got a little too real for its liking. She has interviewed dozens of producers, contestants, and celebrity fans to give readers never-before-told details of the show's inner workings: what it's like to be trapped in the mansion "bubble," juicy tales of producer manipulation, and revelations about the alcohol-fueled debauchery that occurs long before the Fantasy Suite. Kaufman also explores what our fascination means, culturally: what the show says about the way we view so-called ideal suitors, our subconscious yearning for fairy-tale romance, and how this enduring television show has shaped society's feelings about love, marriage, and feminism by appealing to a marriage plot that's as old as the best of Jane Austen.

SINGLE or UNMARRIED IS A QUESTION OF CATAYONIC EXISTANCE VERSUS LIVING EFFECTIVELY. since the dawn of humanity, not everyone attains the state of true singleness in their lifetime. To be married—like being single—is simply a legal marital status. A truly single person—single or married—is an individual who has discovered God's purpose for his or her life, pursues excellence as a matter of policy in all endeavors, and is matured spiritually, emotionally, and mentally. Notable by their signature fingerprint—excellence—and footprint—matured character, true singles are like the salt of the earth, the light of the world, and a city set on a hill. Employing his innovative and ground-breaking concepts—such as the "Troublemaker" and "Artistic-soldier" models—the author discloses in his *Magnum Opus* that true singleness is a goal to be pursued. It is neither an embarrassment to be avoided nor a burden to do away with at all costs. Achieving true singleness will transform your preferences and priorities. It will help you to differentiate right from good, choose what is right, and, more importantly, do what is right for the right reason(s). To the global community of single adults, this book will help you discover whether you are just an unmarried or a truly single person. It uncovers ancient hidden secrets to becoming a truly single person, living a fulfilling life, and building a firm foundation for marital success. "The awareness Single or Unmarried seeks to generate is well-timed." —REV. JOHN KWESI DARKU ?Executive Director—Africa, Christ For All Nations (CFAN) "I have been married for over half a century, and the secret is this—discover your life assignment and seek self-knowledge.Single or Unmarried will show you how." —GODFREY DANSO ABRAH Marriage Coach and Mentor, Wisdom Wedge

In 2008, the iconic doomsday clock of the Bulletin of the Atomic Scientists was set at five minutes to midnight—two minutes closer to Armageddon than in 1962, when John F. Kennedy and Nikita Khrushchev went eyeball to eyeball over missiles in Cuba! We still live in an echo chamber of fear, after eight years in which the Bush administration and its harshest critics reinforced each other's worst fears about the Bomb. And yet, there have been no mushroom clouds or acts of nuclear terrorism since the Soviet Union dissolved, let alone since 9/11. Our worst fears still could be realized at any time, but Michael Krepon argues that the United States has never possessed more tools and capacity to reduce nuclear dangers than it does today – from containment and deterrence to diplomacy, military strength, and arms control. The bloated nuclear arsenals of the Cold War years have been greatly reduced, nuclear weapon testing has almost ended, and all but eight countries have pledged not to acquire the Bomb. Major powers have less use for the Bomb than at any time in the past. Thus, despite wars, crises, and Murphy's Law, the dark shadows cast by nuclear weapons can continue to recede. Krepon believes that positive trends can continue, even in the face of the twin threats of nuclear terrorism and proliferation that have been exacerbated by the Bush administration's pursuit of a war of choice in Iraq based on false assumptions. Krepon advocates a "back to basics" approach to reducing nuclear dangers, reversing the Bush administration's denigration of diplomacy, deterrence, containment, and arms control. As he sees it, "The United States has stumbled before, but America has also made it through hard times and rebounded. With wisdom, persistence, and luck, another dark passage can be successfully navigated."

When we are alone, our shields can come down. We no longer need to hide behind the many masks we wear. We don't have to waste energy hiding our flaws from others. But in the apparent safety of that solitude, there lurks a trap. Too many of us choose to focus on past traumas and dramas. It's easy to get trapped by the regrets, pains, and failures of the past—and fears of what disappointments may await in the future. Why do we choose to allow what has happened and what may happen to destroy any hope of a happy life today? There is a way to escape this negative, unproductive, and self-destructive way of life—and you won't believe how much your life will change when you decide you've had enough of being your own worst enemy. Dare to Dream: Your Journey of a Lifetime focuses on developing the most important and valuable relationship you will ever have—the relationship you have with yourself. When you can embrace yourself, you can embrace others. When you can forgive yourself, you can forgive others. When you can accept yourself, you can accept others. When you can love yourself, you can love others. Throughout Dare to Dream, you will find simple truths, tools, techniques, and resources to start living an authentic life you can love, starting right now authentically. One step at a time, each step consciously leads you in the direction you choose to go with love and with joy.
