Cosmically Chic: Discovering Your Fashion Style through Astrology is a unique book that offers a new twist in the realm of astrology titles. Instead of complex charts and incomprehensible jargon, author Greg Polkosnik provides readers with straightforward fashion advice that is

based on their zodiac sign-cleverly combining two areas of interest for many women. This book is an exciting new way to answer the eternal burning question: What should I wear? Cosmically Chic dedicates a chapter to each zodiac sign and gives an extensive analysis of fashion dos and don'ts targeted to each symbol. The author also addresses hair, makeup, and accessory issues, as well as provides various celebrity profiles that help illustrate his fashion paradigm. Authoritative but humorous in tone, Cosmically Chic is a fun and sassy addition to the usually predictable New Age bookshelf.

In your birth chart, your sun sign has a natural connection with your sense of self-expression. Astrological style expert Greg Polkosnik first explored that territory in his groundbreaking book "Cosmically Chic: Discovering Your Fashion Style through Astrology." However, that was almost twenty years ago. Just like the designers we revere and the celebrities that inspire us, fashion is always adapting to catch the eye of a new audience. "Star Struck Style" is not a knockoff of its predecessor, but rather a head-to-toe remake of a classic, designed for the fashion-savvy reader of today. With enhanced sun-sign advice, fresh fashion commentary and updated celebrity profiles, "Star Struck Style" takes fashion astrology into places it has never been before.

Covering everything from Hollywood films to Soviet cinema, London's queer spaces to spaceships, horror architecture and action scenes, Screen Interiors presents an array of innovative perspectives on film design. Essays address questions related to interiors and objects in film and television from the early 1900s up until the present day. Authors explore how interior film design can facilitate action and amplify tensions, how rooms are employed as structural devices and how designed spaces can contribute to the construction of identities. Case studies look at disjunctions between interior and exterior design and the inter-relationship of production design and narrative. With a lens on class, sexuality and identity across a range of films including *Twilight of a Woman's Soul* (1913), *The Servant* (1963), *Caravaggio* (1986), and *Passengers* (2016), and illustrated with film stills throughout, Screen Interiors showcases an array of methodological approaches for the study of film and design history.

"Read this man's book." --James Ellroy A harrowing, edge-of-your-seat narrative of murder and secrets, revenge and heroism in the City of Angels—the real events behind the blockbuster Warner Brothers film starring Sean Penn, Josh Brolin, Ryan Gosling and Emma Stone. GANGSTER SQUAD chronicles the true story of the secretive police unit that waged an anything-goes war to drive Mickey Cohen and other hoodlums from Los Angeles after WWII. In 1946, the LAPD launched the Gangster Squad with eight men who met covertly on street corners and slept with Tommy guns under their beds. But for two cops, all that mattered was nailing the strutting gangster Mickey Cohen. Sgt. Jack O'Mara was a square-jawed church usher, Sgt. Jerry Wooters a cynical maverick. About all they had in common was their obsession. So O'Mara set a trap to prove Mickey was a killer. And Wooters formed an alliance with Mickey's budding rival, Jack "The Enforcer" Whalen. Two cops -- two hoodlums. Their fates collided in the closing days of the 1950s, when late one night "The Enforcer" confronted Mickey and his crew. The aftermath would shake both LA's mob and police department, and signal the end of a defining era in the city's history. Warner Brothers developed the film *Gangster Squad* based on the research award-winning journalist Paul Lieberman conducted for this book, which reveals the unbelievable true stories behind the film. He spent more than a decade tracking down and interviewing surviving members of the real police unit as well as families and associates of the mobsters they pursued. *Gangster Squad* is a tour-de-force narrative reminiscent of *LA Confidential*.

The first appearances of graffiti "tags" (signatures) on New York City subway trains in the early 1970s were discarded as incidents of vandalism or the rough, violent cries of the ignorant and impoverished. However, as the graffiti movement progressed and tags became more elaborate and ubiquitous, genuine artists emerged whose unique creativity and unconventional media captured the attention of the world. Featuring gallery and street works by several contributors to the graffiti scene, this book offers insight into the lives of urban artists, describes their relationship with the bourgeois art world, and discusses their artistic motivation with unprecedented sensitivity.

In the third installment of her *Scarlet Pimpernel* stories, Baroness Orczy brings back Chauvelin, the French official unable to catch the Pimpernel in the first novel. This time he is more determined, more ruthless, and more devious. He plans to capture both the Pimpernel and his wife, threatening an entire town in the process. He has thought of every possibility, closed every loophole, anticipated every move of his arch-rival. It appears that at last the Pimpernel might have met his match. This book is part of the Standard Ebooks project, which produces free public domain ebooks.
