Hospitalized with the dreaded atom bomb disease, leukemia, a child in Hiroshima races against time to fold one thousand paper cranes to verify the legend that by doing so a sick person will become healthy.

For the first time, middle readers can learn the complete story of the courageous girl whose life, which ended through the effects of war, inspired a worldwide call for peace. In this book, author Sue DiCicco and Sadako's older brother Masahiro tell her complete story in English for the first time—how Sadako's courage throughout her illness inspired family and friends, and how she became a symbol of all people, especially children, who suffer from the impact of war. Her life and her death carry a message: we must have a wholehearted desire for peace and be willing to work together to achieve it. Sadako Sasaki was two years old when the atomic bomb was dropped on her city of Hiroshima at the end of World War II. Ten years later, just as life was starting to feel almost normal again, this athletic and enthusiastic girl was fighting a war of a different kind. One of many children affected by the bomb, she had contracted leukemia. Patient and determined, Sadako set herself the task of folding 1000 paper cranes in the hope that her wish to be made well again would be granted. Illustrations and personal family photos give a glimpse into Sadako's life and the horrors of war. Proceeds from this book are shared equally between The Sadako Legacy NPO and The Peace Crane Project.

Nobel Prize winner Yasunari Kawabata's *Thousand Cranes* is a luminous story of desire, regret, and the almost sensual nostalgia that binds the living to the dead. While attending a traditional tea ceremony in the aftermath of his parents' deaths, Kikuji encounters his father's former mistress, Mrs. Ota. At first Kikuji is appalled by her indelicate nature, but it is not long before he succumbs to passion—a passion with tragic and unforeseen consequences, not just for the two lovers, but also for Mrs. Ota's daughter, to whom Kikuji's attachments soon extend. Death, jealousy, and attraction convene around the delicate art of the tea ceremony, where every gesture is imbued with profound meaning.

From the prolific author of *The Moon Within* comes the heart-wrenchingly beautiful story in verse of a young Latinx girl who learns to hold on to hope and love even in the darkest of places: a family detention center for migrants and refugees. Nine-year-old Betita knows she is a crane. Papi has told her the story, even before her family fled to Los Angeles to seek refuge from cartel wars in Mexico. The Aztecs came from a place called Aztlan, what is now the Southwest US, called the land of the cranes. They left Aztlan to establish their great city in the center of the universe-Tenochtitlan, modern-day Mexico City. It was prophesized that their people would one day return to live among the cranes in their promised land. Papi tells Betita that they are cranes that have come home. Then one day, Betita's beloved father is arrested by Immigration Customs Enforcement (ICE) and deported to Mexico. Betita and her pregnant mother are left behind on their own, but soon they too are detained and must learn to survive in a family detention camp outside of Los Angeles. Even in cruel and inhumane conditions, Betita finds heart in her own poetry and in the community she and her mother find in the camp. The voices of her fellow asylum seekers fly above the hatred keeping them caged, but each day threatens to tear them down lower than they ever thought they could be. Will Betita and her family ever be whole again?

With her parents on the verge of separating, a twelve-year-old Japanese American girl spends the summer in Los Angeles with her grandparents, where she folds paper cranes into wedding displays and learns how complicated relationships can be.

In this intimate, frank, and funny memoir-in-essays, Hauser releases herself from traditional narratives of happiness and goes looking for ways of living that leave room for the unexpected, making plenty of mistakes along the way. She kisses Internet strangers and officiates at a wedding. She rereads Rebecca in the house her boyfriend once shared with his ex-wife and rewinds Katharine Hepburn in *The Philadelphia Story* to learn how not to lose yourself in a relationship. She thinks about Florence Nightingale at a robot convention and grief at John Belushi ' s rock and roll gravesite, and the difference between those stories we ' re asked to hold versus those we choose to carry. She writes about friends and lovers, blood family and chosen family, and asks what more expansive definitions of love might offer us all. Told with the late-night barstool directness of your wisest, most bighearted friend, *The Crane Wife* is a book for everyone whose life doesn't look the way they thought it would; for everyone learning to find joy in the not-knowing; for everyone trying, if sometimes failing, to build a new sort of life story, a new sort of family, a new sort of home, to live in.
