1/24/20: Dark Cities, edited by Christopher Golden, is one of the best anthologies I've ever read. Most of the stories are about 20 to 30 pages long, and each one is a little gem. The book includes stories by one of my favorite authors (Joe Lansdale) and is a very enjoyable read.

Dark City is definitely a one of a kind movie. There's no other in the science fiction genre that's similar to it. It stands alone. Most of the time I really enjoy films that are unique and stand out, and this one fits into that most category.
