Through a combination of the linguistics of a reconstructed language, archaeology, and comparative mythology, Deep Ancestors breathes life into the ancient Proto-Indo-European culture and religion. Ceisiwr states "This book must be considered a report on a work in progress. As time goes by, new research will be done, new ideas and data presented, and old texts and archaeology reinterpreted. This will require changes in the beliefs and practices of reconstructed Proto-Indo-European religion. Consider this a process of progressive revelation, except that instead of coming from the gods it comes from scholars."

"A comprehensive collection of prayers and rituals for contemporary pagans, from a variety of traditions; includes a list of offerings and a glossary of deities"--

A hands-on resource for pagan parents and pagan families with hundreds of rituals, prayers, blessings, and meditations for every occasion along with suggestions for creating a sacred home. A Book of Pagan Family Prayers and Rituals provides a reference guide for pagans who wish to celebrate their religion as living, family tradition steeped in pagan ritual and pagan prayer. The book contains: Ritual guidelines for weddings, births, birthdays, seasonal celebrations, lunar phases, coming of age, divorce and death. Suggestions for the creation of the sacred home (including blessings and household shrines). Children's activities including meditations, mask and rattle making, drumming, and storytelling. Prayers for throughout the day. Tips for teaching children about paganism. References and resources for further information in the appendices. This

book was first published in 1995 under the title *The Pagan Family: Handing the Old Ways Down*. This new edition is substantially revised and includes new, previously unpublished material.

“ A beautiful and inspiring collection of prayers. *A Book of Pagan Prayer* is like a breath of fresh air, breathing life into the spiritual aspect of pagan practice. ” —Mat Aurnyn, *Patheos* Steeped in tradition based on more than a quarter century of research and practice, *A Book of Pagan Prayer* teaches us to pray in the ways of our ancestors for very modern times and concerns. A unique collection of nearly 500 prayers written to fulfill the needs of contemporary pagans from a variety of traditions, *A Book of Pagan Prayer* is a book to turn to again and again. First published in 2002, the revisions to this new edition include rearranged chapters and prayers and the addition of two new chapters, all of which make the book easier to use. The chapters are now arranged in an order that follows a ritual, and all the litanies have been moved to their appropriate chapters. Two new chapters--"General Requests and Offerings" and "Travel, Protection, Imprecatory"--combine two types of prayers out of the general "Petitions" into one. Prayers have been labeled with the deities to which they are addressed and arranged in logical order within each chapter. Prayers to new deities have also been added. In addition, a major problem with the first edition has been corrected: prayers for Lughnasadh/Lammas and Midsummer, two of the eight great neopagan holidays, have been added.

Critically examining the discourse of Indo-European scholarship over the past two hundred years, *Aryan Idols* demonstrates how the interconnected concepts of “ Indo-European ” and “ Aryan ” as ethnic categories have been

Online Library Deep Ancestors Practicing Religion Proto Indo Europeans Serith

shaped by, and used for, various ideologies. Stefan Arvidsson traces the evolution of the Aryan idea through the nineteenth century—from its roots in Bible-based classifications and William Jones' s discovery of commonalities among Sanskrit, Latin, and Greek to its use by scholars in fields such as archaeology, anthropology, folklore, comparative religion, and history. Along the way, Arvidsson maps out the changing ways in which Aryans were imagined and relates such shifts to social, historical, and political processes. Considering the developments of the twentieth century, Arvidsson focuses on the adoption of Indo-European scholarship (or pseudoscholarship) by the Nazis and by Fascist Catholics. A wide-ranging discussion of the intellectual history of the past two centuries, *Aryan Idols* links the pervasive idea of the Indo-European people to major scientific, philosophical, and political developments of the times, while raising important questions about the nature of scholarship as well.

The goddess Brigantia has been dismissed by some as a creation of Roman propaganda, designed to flatter and control the northern English. This book uses evidence from both Roman and Celtic sources to find the image of a Celtic goddess beneath that overlay. It examines how both sides saw her, and the nature of her role as tribal and protector goddess, as well as healer and mediator.

Twelve ancient demons have escaped. No mortal has strength enough to stop them. None but the godborn. It is 3000 BC. A hundred clans have been destroyed and thousands of people are dead. The Wolf God commands an inexperienced young warrior to hunt down the bloodthirsty demon horde. With a handful of his faithful spear-brothers and a heartbroken young seeress by his side, his quest will take him on a perilous journey through devastated lands. He may be the son of a god and a mortal woman but he will need more than just his great strength to overcome the dark forces that stand in his way. To save his mother and sister he must throw aside his self-doubt and his fear and become what he was meant to be. For he is godborn. And his undying glory will change the world. This is the Heracles myth as you have never heard it before.

The essays presented in this collection are based on Alexander Jacob's earlier works, *Man: A Reconstruction of the Solar Cosmology of the Indo-Europeans* and *Brahman: A*

Online Library Deep Ancestors Practicing Religion Proto Indo Europeans Serith

Study of the Solar Rituals of the Indo-Europeans. They expand on the cosmological and religious themes in these books with reference to Indic & European spiritual traditions.
