If you think financial health is beyond your reach, think again. I Will Teach You To Be Rich is the modern money classic that has revolutionised the lives of countless people all over the world, teaching them how to effectively manage their finances, demolish their debt, save better and get the most out of their bank accounts, credit cards and investments. Now, Ramit Sethi, who has been described by Forbes as a 'wealth wizard' and by Fortune as 'the new finance guru', is back with a completely revised second edition of I Will Teach You To Be Rich, updating it with new tools and insights on money and psychology, along with fantastic stories of how previous readers have used the book to enrich their lives. From crushing your debt and student loans to talking your way out of late fees, to dead simple investment strategies and negotiating that big raise at work, this is the no-guilt, no-excuses, no-BS 6-week programme that will help you get your finances where you want them to be.

In his first book in nearly a decade, New York Times bestselling author Ramit Sethi cuts through the BS and bad advice to show you how to really escape the 9-to-5. This no-nonsense guide distills the most important lessons Sethi learned building his dorm room blog into an 8-figure-a-year company. If you want to build a business that makes you an extra 5-figures a month, this book will show you how. Inside you'll discover: The 3 Rules of Money (any business that breaks these is doomed to fail) How to tell if a business will be profitable in under 45 minutes How to find your first 5 customers - and just how critical these first 5 are Growing from \$300 to \$10,000 a month The truth about passive income and what it takes to really automate a business And so much more...

Striking out on your own for the first time is exhilarating. But in a culture full of bad advice, predatory banks, and splurge-now-pay-later temptations, it can also be extremely dangerous—leading you to make financial decisions that could hurt you for years to come. Combine this with a slumped economy, mounds of student loans, and dubious examples from reality TV stars to politicians to your own parents, and it's no wonder so many twenty-somethings are struggling. Twenty-three-year-old Zac Bissonnette—the author of Debt-Free U—knows exactly what you're going through. He demystifies the many traps young people fall victim to in their post-college years. He offers fresh insights on everything from job hunting to buying a car to saving for retirement that will give you a foundation for a secure, stable, and happy life. In the process, he reveals why FICO scores are overrated, online job applications are a waste of time, car loans are for suckers, and credit card rewards are a scam. With detours to discuss wine connoisseurs, Really Broke Housewives, and Lenny Dykstra, Zac shows you how to make better choices today so you can be richer, smarter (and better-looking!) for years to come.

'I Will Teach You To Be Rich' is a practical approach delivered with a non-judgemental style based on the four pillars of personal finance - banking, saving, budgeting and investing - and the wealth-building ideas of personal entrepreneurship.

I'm lounging in the living room of a vacation home located in the high country of Colorado with a handful of close friends from Boulder. We each work for startups of various sizes and maturity. We've rented the home for the weekend to relax in the nearby hot springs and hike local mountain trails, as well as set aside time from our harried schedules to discuss our hopes, dreams—and startup careers. As the sun sets and the dry mountain air cools, we bundle up with blankets and take turns sharing life updates, which, especially this particular weekend, offer a snapshot into the variety and complexity of startup life.

**How the Brain Goes Through Decision-Making:** Do you often wonder what your customer is thinking? Don't leave the thought process to chance and let that customer walk away. Your customers don't want to walk away. They want to buy from you. So how does the brain make decisions? And what causes it to get confused? The Brain Audit shows you how the customer takes decisions. And what you need to put in place, so that the customer feels happy to buy products or services from you. The Brain Audit isn't about persuasion or any mind tricks. Instead it shows you the information that your customers need in order to make a decision. It shows you how to present that information, and thereby enable the customer to intelligently go through a purchase sequence. The Brain Audit is designed to do the following: **brain\_audit\_benefits** 1) Enable you to spot every one of the 'seven bags' that are required to make a decision 2) Present those bags to the customer in the right sequence. 3) Enable you to get the customer to buy without needing to use pressure tactics.

A New York Times bestseller! “Beautifully crafted and fun to read.” —Louis Galambos, The Wall Street Journal “Nasaw’s research is extraordinary.” —San Francisco Chronicle “Make no mistake: David Nasaw has produced the most thorough, accurate and authoritative biography of Carnegie to date.” —Salon.com The definitive account of the life of Andrew Carnegie Celebrated historian David Nasaw, whom The New York Times Book Review has called "a meticulous researcher and a cool analyst," brings new life to the story of one of America's most famous and successful businessmen and philanthropists—in what will prove to be the biography of the season. Born of modest origins in Scotland in 1835, Andrew Carnegie is best known as the founder of Carnegie Steel. His rags to riches story has never been told as dramatically and vividly as in Nasaw's new biography. Carnegie, the son of an impoverished linen weaver, moved to Pittsburgh at the age of thirteen. The embodiment of the American dream, he pulled himself up from bobbin boy in a cotton factory to become the richest man in the world. He spent the rest of his life giving away the fortune he had accumulated and crusading for international peace. For all that he accomplished and came to represent to the American public—a wildly successful businessman and capitalist, a self-educated writer, peace activist, philanthropist, man of letters, lover of culture, and unabashed enthusiast for American democracy and capitalism—Carnegie has remained, to this day, an enigma. Nasaw explains how Carnegie made his early fortune and what prompted him to give it all away, how he was drawn into the campaign first against American involvement in the Spanish-American War and then for international peace, and how he used his friendships with presidents and prime ministers to try to pull the world back from the brink of disaster. With a trove of new material—unpublished chapters of Carnegie's Autobiography; personal letters between Carnegie and his future wife, Louise, and other family members; his prenuptial agreement; diaries of family and close friends; his applications for citizenship; his extensive correspondence with Henry Clay Frick; and dozens of private letters to and from presidents Grant, Cleveland, McKinley, Roosevelt, and British prime ministers Gladstone and Balfour, as well as friends Herbert Spencer, Matthew Arnold, and Mark Twain—Nasaw brilliantly plumbs the core of this fascinating and complex man, deftly placing his life in cultural and political context as only a master storyteller can.

This is a bold book by James Altucher because he not only gives you a new map for the new financial landscape, but he also has skin in the game. This is the first financial book in which the author **REVEALS HOW HE, PERSONALLY, MAKES HIS OWN MONEY.** We are living in an epic period of change, danger and opportunity. The economy is crashing and booming every few years. People are getting fired and replaced by computers and Chinese workers. The stock market crashes with regularity. Every "fix" from the government makes things worse. The Old World has been demolished... and people are desperate for answers. James Altucher's "The Choose Yourself Guide To Wealth" contains those answers. This is the field guide to the "New World" we live in. You can play by the old rules and get left behind, or you can use these new ideas and become wealthy. This is not a book for the faint of heart. Read at your own risk, because sometimes the truth is hard to take. But for those who are ready to hear, James provides an updated map of the new territory for generating wealth and freedom. This book is the eye-opener of the century, it is the guide to building, keeping, and investing your money and breaking free from the chains of rusted, old thinking.

An edition expanded with more than 100 pages of new content offers a blueprint for a better life, whether one's dream is escaping the rat race, experiencing high-end world travel, earning a monthly five-figure income with zero management or just living more and working less.

Are you taking long lunches? Ignoring sexual harassment? Do you keep your desk neat to the point of looking like you don't have enough to do? The answer to all three should be yes, if you want to succeed in your career on your own terms. Penelope Trunk, expert business advice columnist for the Boston Globe, gives anything but standard advice to help members of the X and Y generations succeed on their own terms in any industry. Trunk asserts that a take-charge attitude and thinking outside the box are the only ways to make it in today's job market. With 45 tips that will get you thinking bigger, acting bolder, and blazing trails you never thought possible, **BRAZEN CAREERIST** will forever change your career outlook. Guy Kawasaki, author of The Art of the Start "Take everything you think you 'know' about career strategies, throw them away, and read this book because the rules have changed. 'Brazen,' 'counter-intuitive,' and 'radical' are the best three descriptions of Trunk's work. Life is too short to be stuck in a rat hole..." Robert I. Sutton, Ph.D, author of the New York Times Bestseller The No Asshole Rule "A delightful book, with some edgy advice that made me squirm a bit at times. I agreed with 90% of it, found myself arguing with the other 10%, and was completely engaged from start to finish." Paul D. Tieger, author of Do What You Are and CEO of SpeedReading People, LLC "Penelope Trunk brings considerable savvy and a fresh new perspective to the business of career success. Bold and sometimes unconventional, **BRAZEN CAREERIST** gives readers much to think about as well as concrete, practical suggestions that will help them know what they want, and know how to get it." Keith Ferrazzi, bestselling author of Never Eat Alone: And Other Secrets to Success, One Relationship at a Time "**BRAZEN CAREERIST** has the street-smarts you need to make your career and life work for you from the start. Read it now, or you'll wish you had when you're 40!"
