Justin has just barely caught his breath after surviving an encounter with the most notorious assassin in the Overworld, hellhounds, and his father's demon spawn relatives, when the universe throws him another curve ball. An attack by gray men sends him to Thunder Rock, a dreaded place where Elyssa's father, Thomas Borathen, and a host of Templars were ambushed by demon spawn nearly twenty years ago.

Fallen Angel of Mine (Overworld Chronicles #3)

THINGS JUST GOT REALER. Justin has just barely caught his breath after surviving an encounter with the most notorious assassin in the Overworld, hellhounds, and his father's demon spawn relatives, when the universe throws him another curve ball. An attack by gray men sends him to Thunder Rock, a dreaded place where Elyssa's father, Thomas Borathen, and a host of Templars were ambushed by demon spawn nearly twenty years ago. Because of this, Thomas despises spawn and hates Justin. Despite Foreseeance 4311 which predicts Justin may be the only thing standing between the world and a cataclysm, not to mention major family issues and a pair of angels who each want him to join their side of the conflict, Justin realizes he may be able to gain something even more important than world peace: the approval of Elyssa's father. But first, he'll have to find the culprit responsible for the ambush and bring him to Templar justice. Trying to escape Thunder Rock, Justin is hurtled through an Obsidian Arch and ends up in Colombia. Elyssa is captured by her father, who's determined to make her take the White, a Templar ritual which will erase all her memories of Justin. Death cannot stop true love. But a mind wipe probably will. Thousands of miles from home with destiny breathing down his neck, Justin has to solve a mystery older than he is, overcome new enemies, and make a citizen's arrest on the crazy mofo behind the insanity so he can save Elyssa and gain acceptance from her family. Because true love is totally worth it.

Because true love is totally worth it.

The Abyssal demigoddess, Xanos, has nearly destroyed the Overworld. During a recon mission of a Razor Echelon base, Justin and Elyssa uncover Xanos's new weapon. The Apocryphan is building a portal device that could allow her to transport troops anywhere, including right in the middle of Queens Gate. The Eden forces have nowhere else to run, so Justin seeks the aid of allies to prevent the obliteration of the supernatural resistance. They learn that a woman might be the key to salvation. She has the power to open portals between realms and from one place to another within realms. With her help, they could counter Xanos before the portal device is completed. But first, they have to find this woman. She's been missing for years, presumably hiding from Baal and his minions in another realm. Justin discovers there might be a way to track the portals she's opened before. So he and the gang start off on their most dangerous mission yet: traversing unknown realms with the faintest hope of finding the one woman who might save them all. That woman is Emily Glass.

HEAVEN IS HELL Civil war tears apart the Darkling nation. The Eden army is too small, too battered to overcome the warring Darkling factions. Even more insidious, Justin discovers that Victus built a small army of demon golems created from parts of Nightliss's soul--and these dolems may soon control the Darkling legions. The only army large enough to overcome the threat is controlled by Kaelissa, but she has her own designs on ruling Seraphina. But Justin has an idea that might just win the war and give him control over the Brightling Empire. It's time for one last desperate gambit. It's time for an insurrection.

ENTER THE VOID Baal has assembled nearly all the major relics of Juranthemon. Once the final pieces are in place, the realms will collapse, killing billions and erasing countless others from existence. Even the afterlife may be wiped into oblivion. Only two or three relics remain, and the sword of Jura, Unmaker, is in the worst place imaginable--the Void. Thanks to the insane goddess, Eve, it's possible Baal already knows where Unmaker is, pitting Justin and gang in a race against time and the grand overlord of Haedaemos. The Void swarm presents a challenge even for gods. It consumes everything organic right down to the soul. Opening a portal to the Void is dangerous enough. Entering the barren realm is suicide. But Justin may have a secret weapon--an unlikely ally with a way to enter the Void unharmed. But as Justin and the others delve deeper into the mysteries of this barren wasteland, they soon discover there's far more to the Void than hideous bugs and the swarm. And the secret it hides could be the key to victory or annihilation.

A huge international corporation has developed a facility along the Juan de Fuca Ridge at the bottom of the Pacific Ocean to exploit geothermal power. They send a bio-engineered crew--people who have been altered to withstand the pressure and breathe the seawater--down to live and work in this weird, fertile undersea darkness. Unfortunately the only people suitable for long-term employment in these experimental power stations are crazy, some of them in unpleasant ways. How many of them can survive, or will be allowed to survive, while worldwide disaster approaches from below? Starfish, the first installment in Peter Watts' Riffers Trilogy At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

From USA Today best selling authors, Willow Winters and Lauren Landish, comes a sexy and forbidden series of standalone romances. I knew she'd ruin me. But I wanted her anyway. I was born into wealth and my name comes with a reputation. One I've upheld and leveraged for power. Now everyone owes me and I plan to keep it that way. Until she's offered to me. Only for a single month to repay a debt. Her tempting curves call to me and beg me to risk it all. I shouldn't take her, I shouldn't even consider his offer. Women like her bring men to their knees. But there's something in her baby blues. They're haunted by what lies behind them. She sees through me, leaving me nowhere to hide. I knew taking her would destroy me, but it only took one taste. Now I'm addicted. And I'm not giving her back.

The struggle to get into a top-tier college consumes sixteen-year-old Genie's every waking thought. But when she discovers she's a celestial spirit who's powerful enough to bash through the gates of heaven with her fists, her perfectionist existence is shattered. Enter Quentin, a transfer student from China whose tone-deaf assertiveness beguiles Genie to the brink of madness. Quentin nurtures Genie's outrageous transformation--sometimes gently, sometimes aggressively--as her sleepy suburb in the Bay Area comes under siege from hell-spawn. This epic YA debut draws from Chinese folklore, features a larger-than-life heroine, and perfectly balances the realities of Genie's grounded high school life with the absurd supernatural world she finds herself commanding.

Reality Bites Fortitude Scott's life is a mess. A degree in film theory has left him with zero marketable skills, his job revolves around pouring coffee, his roommate hasn't paid rent in four months, and he's also a vampire. Well, sort of. He's still mostly human. But when a new vampire comes into his family's territory and young girls start going missing, Fort can't ignore his heritage anymore. His mother and his older, stronger siblings think he's crazy for wanting to get involved. So it's up to Fort to take action, with the assistance of Suzume Hollis, a dangerous and sexy shape-shifter. Fort is determined to find a way to outsmart the deadly vamp, even if he isn't quite sure how. But without having matured into full vampirehood and with Suzume ready to split if things get too risky, Fort's rescue mission might just kill him.

SOME LAWS YOU BREAK. SOME BREAK YOU. AND THEN THERE'S CAINE'S LAW. From the moment Caine first appeared in the pages of Heroes Die, two things were clear. First, that Matthew Stover was one of the most gifted fantasy writers of his generation. And second, that Caine was a hero whose peers go by such names as Conan and Elric. Like them, Caine was something new: a civilized man who embraced savagery, an actor whose life was a lie, a force of destruction so potent that even gods thought twice about crossing him. Now Stover brings back his greatest creation for his most stunning performance yet. Caine is washed up and hung out to dry, a crippled husk kept isolated and restrained by the studio that exploited him. Now they have dragged him back for one last deal. But Caine has other plans. Those plans take him back to Overworld, the alternate reality where gods are real and magic is the ultimate weapon. There, in a violent odyssey through time and space, Caine will face the demons of his past, find true love, and just possibly destroy the universe. Hey, it's a crappy job, but somebody's got to do it.
