Revenge came at a heavy price. Valkyrie hacker Amber Brown is deadly in her own right, but her preferred weapon is a keyboard. So after her teammates left her for dead, she took her revenge the way she was trained to—swiftly and brutally. Except one of her targets might be innocent. To right that wrong, Amber vows to rescue the at-risk Valkyrie no matter the cost, and this time she's working alone. So when a sexy stranger shows up in the middle of a firefight and announces he's been sent by her sister, it's going to take a whole lot more than his word to make her trust him. Chasing redemption may prove deadly.

Elite gun for hire Jesse Cordova lives on the edge of the law. When a new job offer sets off warning bells, he digs deeper and finds the startling truth. The woman he's been tasked with capturing is a secret government assassin, and Amber Brown is unlike any target he's gone after before. But bringing her in opens them up to a whole new level of danger, pitting them against one of the most ruthless assassins in the world. Now that the sexy Valkyrie has stolen his heart, Jesse will risk everything to see their mission through—knowing that the only way this ends is with one of them dying.

She's an expert at getting into places she doesn't belong. The government created Megan, transforming her into a Valkyrie—a deadly operative only whispered about in certain circles. They took everything from her and made her into a weapon. Now someone is leaking secret information about her sisters-in-arms, betraying them for money. Loyal Unto Death is the Valkyrie motto. So when Megan is recruited to find who leaked the files, she takes the high-risk assignment. Even if it means working with the man who betrayed her trust long ago. Even if it means giving her life. Because she'll do whatever it takes to find justice. But this is one situation she can't escape from on her own. Tyler Bergstrom never forgot the resourceful woman who escaped during the toughest phase of SERE school. So when he learns the stunning truth about her and his unwitting part in her past, he volunteers to work alongside Megan for a chance at redemption. Except she doesn't want a partner. Doesn't want to let anyone into her life, including him—hell, especially him. Yet whether she likes it or not, for this mission they're partners. Now it's a race against the clock to bring down the shadowy figure targeting Valkyries. But the threat goes deeper than they ever imagined. No one is safe. And if they can't overcome the past and learn to trust each other, they're both dead.

Targeted by a terrorist cell. Bryn McAllister survives a bombing at the U.S. Embassy in Beirut only to be left to die in a desert cellar. When she's rescued by SEAL Lieutenant Declan McCabe and his team, Bryn must rely on him and his team to get her to safety. But just when she thinks the nightmare is over, she and McCabe are recruited to help track down the terrorist mastermind responsible for the attack. Now they're both fighting for their lives. With Bryn determined to see the terrorist brought to justice, Dec joins up to protect her, prepared to do whatever it takes to keep her safe during their hazardous mission. Battling the explosive attraction between them, Dec fights to keep his distance from her so he can do his job and keep her alive. And when everything goes sideways and Bryn is captured, he must make the agonizing choice between his duty as a SEAL and the life of the woman he loves.

Two opposites in uncharted territory. The government made Chloe Wilson an explosives expert, trained to take out a target with a precise, controlled hit. But there's nothing controlled about her current situation—or the danger coming after her. When a good-looking stranger is sent to watch her back, she's not impressed. This mission is personal, and it's liable to get her killed. The former Valkyrie can't afford any mistakes or attachments, but this time she has no choice, and soon her new partner proves his worth. One explosive situation. When former Pararescueman Heath Barrett gets a call from his best friend asking him to keep tabs on a woman in danger, he has no idea what he's getting himself into. Far from a helpless civilian, Chloe holds him at knifepoint the first time they meet. She's a deadly operative being hunted by lethal enemies and by the time he realizes the extent of the danger, it's too late to walk away.
