John Eldredge revises and updates his best-selling,

renowned Christian classic. God designed men to be dangerous, says John Eldredge. Simply look at the dreams and desires written in the heart of every boy: To be a hero, to be a warrior, to live a life of adventure and risk. Sadly, most men abandon those dreams and desires-aided by a Christianity that feels like nothing more than pressure to be a "nice guy." It is no wonder that many men avoid church, and those who go are often passive and bored to death. In this provocative book, Eldredge gives women a look inside the true heart of a man and gives men permission to be what God designed them to be-dangerous, passionate, alive, and free.

made you? Just come to the well, says bestselling author Max Lucado. In this renewing and life-giving book Max leads us to the four essential nutrients every soul needs. Experience Christ's work on the cross and know that your sins are pardoned and your death is defeated. Receive Christ's energy and believe that you can do all things through the one who gives you strength. Receive his Lordship, knowing that you belong to him and that he looks out for you. Receive his love and feel confident that nothing can separate you from it. Come to the well...to Christ's work on the cross, his energy, his Lordship and his Love.

Each congregation has a unique mission field. Several tools for developing disciples and for engaging in discipleship are available to churches; however, the resources assume that the churches using them are similar to the church that created them. With Gospel Discipleship, individuals and churches learn how to engage in self-reflection, which then defines a path that fits their context. The discipleship path for each individual disciple is assessed and determined through the Gospel Discipleship Participant Guide while this Gospel

Discipleship Congregation Guide guides the implementation of the program and assesses the discipleship path for the congregation as a whole. Therefore, the program leader(s) needs the congregation guide while individual participants need their own participant guide. With Gospel Discipleship, churches can identify a pathway for discipleship applied from one of the four Gospel storytellers: Matthew, Mark, Luke and John. Each had a distinct approach to discipleship which can be applied to a given church's identity, vision, and mission. As disciples are encouraged by the church to step beyond the door and engage the needs of people, they can be sent forth confidently with an awareness of personal, unique gifts, and insights into the actual mission field where they participate with God in changing the world.
