while allowing for great record retention, and minimizes liability. To protect your company and to prove that you are doing the inspections you will want to document them. From the books: "According to OSHA regulations, forklift inspections should be conducted on a daily basis at the start of the operator's shift. It is the operator's responsibility to fully inspect the forklift before it is placed into service and report any abnormalities to their supervisor. Operations that run multiple shifts are required to perform a pre-use inspection at the beginning of every shift." This book is: 1) Easy to use 2) Designed for single shift work 3) Neat and easy to handle 4) 7 days checks per page 5) 52 weeks worth of checks, perfect for annual inspections and record retention. 6) Carbonless.
