Dummies, you will: Find out whether penny stocks are a good fit for your investment goals, available capital, and risk tolerance Do your due diligence and learn how to research potential penny stock investments Use fundamental analysis, financial ratios, and penny-specific technical analysis to identify winning bets Uncover expert tips that will boost your results and help prevent big losses Penny Stocks For Dummies will give you the knowledge and confidence you need to get in on the ground floor and discover those hidden gems for high rewards.

Most people I meet tend to either think the Stock Market is complex and difficult or that it is easy to make money on the Stock Market. I fell into the category of thinking the Stock Market was easy but I soon found out that there are rules to trading and if applied correctly, could lead to profitable trading and investing. I have since taught people how to trade and invest wisely and dispel the many myths surrounding the Stock Market. This book on Stock Trading & Investing for Beginners has been published to give the reader an essential foundation as they venture into the exciting world of Trading & Investing.

Explore single-stock futures, ETFs, and alternative energy futures
