Casino Crime : Heists, Scams, Cheats & The Mob These are the true stories of the scammers, con artists, cheats and gangsters that have tried, and sometimes succeeded, to walk away with the casino's money. Some of the first proprietors of casinos were backed by mafia families. They saw a great opportunity to make large amounts of money legally, and filter their large amounts of illegal money. The skills of the mafia helped to create the shiny Las Vegas Strip that we know today. These casinos create and use very large sums of cash each and every day. Everyone wants a piece of the pie. There are some, just like in the movies, who have hatched elaborate schemes to try and get their hands on some of the cash casinos use. Some of succeeded, and many have failed, but they all leave a great story to tell. The house in a casino makes a lot of money off of the way the odds are placed on each and every bet. Gambling is a sport in which the casino is going to win most every time. Still, many people choose to play, hoping that they will walk out with the positive odds. However, there are many who have been known to play dirty. From hacking slot machines to counting cards, scams have made a lot of people really great money, and landed many others in prison.

Frank Scoblete, casino gaming best selling author, show you how to master most casino games with very simple strategies that can cut the house edge dramatically.

He was one of the brightest stars at the Canadian Imperial Bank of Commerce, a brilliant young banker on his way to the top. But Brian Molony had a secret obsession: he loved to gamble. The unsuspecting bank was soon fuelling that obsession, as Molony helped himself to hundreds of thousands, then millions, of dollars in fraudulent loans. Despite falling deeper and deeper in the hole, Molony convinced himself he could win it all back. Before long, the mild-mannered assistant manager had become one of the biggest high-rollers the casinos had ever seen and earned himself a place in the annals of criminal history.

For more than a decade, an intense gang war has been raging between British and foreign criminals in Spain's sunny coastal regions. The warring factions have left more than a hundred people dead and scores injured, making headlines around the world. These vicious conflicts for control of drugs turf, protection rackets, people smuggling and sex slavery have blighted the reputation of what was once Europe's number one holiday destination and given it a sinister epithet: Costa del Crime. *Gang Wars on the Costa* reveals the inside story of the crime mobs, their deadly feuds and how this chilling criminal gang culture has evolved at a rate and intensity unlike anything seen before in Europe. With unprecedented access to senior gang members and police officers, Wensley Clarkson traces the roots of these criminals - from Britain, southern Europe, South America and the former Soviet block - and focuses on the emergence of the main gangs, whose rise to power has sparked gun battles and even professional hits.

In November 2018, Baptist preacher Mark Harris beat the odds, narrowly fending off a blue wave in the sprawling Ninth District of North Carolina. But word soon got around that something fishy was going on in rural Bladen County. At the center of the mess was a local political operative named McCrae Dowless. Dowless had learned the ins and outs of the absentee ballot system from Democrats before switching over to the Republican Party. Bladen County's vote-collecting cottage industry made national headlines, led to multiple election fraud indictments, toppled North Carolina GOP leadership, and left hundreds of thousands of North Carolinians without congressional representation for nearly a year. In *The Vote Collectors*, Michael Graff and Nick Ochsner tell the story of the political shenanigans in Bladen County, exposing the shocking vulnerability of local elections and explaining why our present systems are powerless to monitor and prevent fraud. In their hands, this tale of rural corruption becomes a fascinating narrative of the long clash of racism and electioneering—and a larger story about the challenges to democracy in the rural South. At a time rife with accusations of election fraud, *The Vote Collectors* shows the reality of election stealing in one southern county, where democracy was undermined the old-fashioned way: one absentee ballot at a time.

The true story of the man who scammed the mob and informed the FBI for over two decades. Eddie Trascher had balls. Born in the bayou of Louisiana, Eddie learned about gambling at the side of his stepfather. Starting his career in 1950s Vegas, he moved to pre-Castro Cuba and became adept at running a casino and stealing from the mobsters who owned it. He was a regular fixture at Rat Pack-era Vegas—stealing chips from the craps table, running gambling out of his bar, and hanging around with a wild assortment of gangsters, conmen, thieves, and celebrities. By the time he moved to Clearwater, Florida, after a stint running a Los Angeles hotel for the Chicago Outfit, Eddie was the biggest bookmaker in the state. But the FBI made him an offer he couldn't refuse: "Help us get the Mafia and we'll let you keep bookmaking." For the next twenty years, Eddie became the Bureau and later the Florida Department of Law Enforcement's eyes and ears as they investigated organized crime in Florida. From the famous Donnie Brasco case to the new guard of the Tampa Mafia, Eddie was in the middle of it all. Eventually, he gave up the booking to become a professor, teaching law enforcement everything there was to know about bookmaking and running the scams. *Balls* is the story of the quintessential gangster, a man who didn't make money for anyone but himself. Instead of working for the Mafia bosses, Eddie stole from right under their noses. And he lived to tell the story.
