First off the title itself is misleading: Green Witchcraft: Folk Magic, Fairy Lore & Herb Craft. By Green she means Wicca, or rather Wicca that uses plants, by Folk Magic she means that she mentions that her family used Folk Magic but she doesn't actually talk about it in any real depth, by Fairy Lore she means that fairies are cool (there is absolutely no lore whatsoever about the fae in this book) and by Herb Craft she actually means Herb Craft.

Ann Moura, the author of the popular Green Witchcraft series, is back with a new, one-of-a-kind spellbook on lunar magic. This is the only guidebook available that uses Mansions of the Moon correspondences to empower Esbat rituals and spellwork. The moon goes through twenty-eight distinct "mansions," or sections of the sky, as it travels through the twelve signs of the zodiac. Each mansion is appropriate for certain types of magic, as described in ceremonial magic books, such as Agrippa's Three Books of Occult Philosophy or Barrett's The Magus. Now this esoteric information is available to Witches, complete with suggested workings for both the waxing and the waning lunar phase in each mansion. Moura provides the tools, the instruction, and examples of how to utilize the Mansions of the Moon to add depth and potency to your spells and rituals. More than one hundred workings are presented, including candle spells, charm bags, meditations, magical oils, talismans, amulets, incense, teas, and much more.

From the author of the Green Witchcraft series comes a unique approach to using the Tarot as a spiritual tool for channeling energy and communicating with the Divine. Utilizing themes and images from Natural Witchcraft, this book takes readers step by step through the Major and Minor arcana. Illustrations.

This companion handbook to Green Witchcraft explores the Green path and the ways of Green magic.

How does an amulet differ from a talisman? What is a thoughtform? How is energy manipulated? What are the real types of magic? Revealing information she learned in family training, Ann Moura provides detailed instruction in the forms of magic, the methods and techniques involved, and how ethics are vital to successful practice.

Ann Moura's bestselling Green Witchcraft series continues with this book of secrets exploring the faerie realm and techniques for working with the faeries you find there. Green Witchcraft IV provides guidance and deep insights for working magic more powerfully and establishing a special relationship with the otherworld. You will learn about portals, elementals, nature spirits, vortices, ley lines, and much more. Full of first-person accounts of profound experiences with magical creatures, this book is an in-depth resource for understanding and working with the Other People. You will also discover examples of the use of herbs, gemstones, offerings, gifts, meditations, and dreams that you can adapt as you learn to create your own safe and rewarding encounters with the fae.

Interact with magical fairy folk and incorporate them into your own witchcraft practice with this detailed account of the ancient wisdom and traditions of fairies and witchcraft. Fairies have long been a part of witchcraft traditions, especially Celtic and Norse witchcraft, paganism, and other traditions deeply tied to the earth. But these fairies aren't the harmless creatures you've read about in children's tales: they are magical creatures with their own culture and rules that you need to know before venturing into their territory. Now you can explore the world of the fairies and how their magic relates to your own witchcraft practice with The Modern Witchcraft Book of Fairies. This book provides you with all the information you need to know about the different types of fae folk and how you can safely interact with them to make the most of your witchcraft practice.

This book sheds new light on the ancient origins of religion to give Wiccans, Witches, and the Neo-Pagans a sense of where they belong in history.
