Woodland Walk: Free Guided Imagery Script - Wholesome ...

Guided imagery is a focused practice that involves each of the five senses to ignite positive healing messages throughout the mind and body. The practice is often interchanged with visualization, self-hypnosis and guided meditation, but it has its own set of techniques. The benefits of guided imagery are vast — there is research that shows the practice can reduce fear and anxiety, lessen the frequency of headaches and has been proven to decrease psychological distress in cancer patients.
