Minecraft can be a dangerous world. Learning about the enemy mobs is a critical component of surviving the game. You can have a great time playing Minecraft without this knowledge, but it is a different story if you try to play on survival mode. Aside from encountering other players, there is a good chance that you can run into certain monsters, which is why it is best to be prepared all the time. We have a lot to tackle including: knowing monsters' weak points to knock them out, where they spawn so that you can avoid passing through such places, their behaviour, what they drop, and, of course, how to counter their attacks. So, just sit back and relax as we discuss these pointers to ensure survival in the harsh lands of Minecraft!
