The Complete Beginner's Guide to Learn HTML and CSS in 2019

Here's an example of how you could write a CSS rule for the box model. P {padding: 10px; border: 20px solid blue; margin: 20px;} These CSS properties would translate to 10 pixels of padding on each side of the text. This will be empty space around the paragraph. There would also be a 20 pixel border of solid blue surrounding the padding.
