This edition of our successful series to support the Cambridge IGCSE Biology syllabus (0610) is fully updated for the revised syllabus for first examination from 2016. Written by an experienced teacher and examiner, Cambridge IGCSE Biology Coursebook with CD-ROM gives comprehensive and accessible coverage of the syllabus content. Suggestions for practical activities are included, designed to help develop the required experimental skills, with full guidance included on the CD-ROM. Study tips throughout the text, exam-style questions at the end of each chapter and a host of revision and practice material on the CD-ROM are designed to help students prepare for their examinations. Answers to the exam-style questions in the Coursebook are provided on the CD-ROM.

A student textbook designed to introduce, in an accessible manner, all the principal themes and problems of this period in European history.

Information Technology and Global Society is the first textbook written specifically for the new IB ITGS syllabus, covering IT systems, social impacts and ethical issues, and each area of application. The text provides engaging content that blends clear examples of technical concepts with consideration of social issues. Discussion points for extended independent learning and complete, modern examples are included to enhance teaching and understanding, and ensure students get the best possible experience from the ITGS course.Textbook features include: Clear objectives for each chapter, tied directly to the ITGS syllabus, so you can be sure that all aspects of the course are being covered. Course content is explained through clear and up to date examples, plus historical context. Over 200 varied exercises, mixing ethical discussion points, classroom exercises, practical activities, and exam style questions to cover the syllabus content from a variety of assessment angles. Theory of Knowledge (TOK) links are included, enabling integration with the IB core hexagon. Over 300 diagrams, photographs, and illustrations to bring topics alive. Key language review for every chapter, plus a complete glossary of ITGS terminology. Fully cited examples in every chapter mean students can extend their learning with wider reading-an essential part of IB courses. Online support to extend learning with additional case studies, links, and activities.

Endorsed by Cambridge International Examinations. Additional support for the written part of the exam to help students improve their answers and overall grade, including authentic material written by students with critical comments from teachers. - Places attention on the importance of style and content, together with accuracy and the correct use of different registers - Explains relevant grammar points in easy-to-understand language, and are supported by exam-related examples - Illustrates each point by means of an example relevant to the exam - Contains a database of topic-related vocabulary and ideas Review "With sample examination questions after each skill, the book would even help teachers in assessing students after each skill taught... I highly recommend it." Mrs L Shana, Rainbow Secondary School, Botswana Also useful for: The clear explanations and extensive use of examples also make it extremely useful for students preparing for other advanced exams, such as First Certificate in English (FCE), Certificate in Advanced English (CAE) and IGCSE First Language English. Also available for the complete course: We also publish a core textbook that provides the most cost-effective way to teach both the speaking and listening components of the latest Cambridge syllabus.
