(4th edition) written by  
J.D. Lee in.pdf.

According to the author;  
the aim of the fourth  
edition remains exactly  
the same as that for the  
first edition of the book.  
That is to provide a  
modern textbook of  
inorganic chemistry that  
is long enough to cover  
essentials, yet short  
enough to be  
interesting.
