Charles Hill's Global Business Today, 4e (GBT) has become an established text in the International Business market for its excellent but concise coverage of the key global issues including the cultural context for global business, cross-border trade and investment, the global monetary system and competition in the global environment. GBT's concise chapters give a general introduction to international business - emphasizing the environmental factors, with less coverage of operations. Charles Hill is renowned for his attention to research trends and that is evident in Global Business Today, 4e through a variety of real world examples and cases from small, medium, and large companies throughout the world

Overview: Charles Hill's Global Business Today, 7e has become the most widely used text in the International Business market. Hill explains that he attempted to write a book that: (1) is comprehensive and up-to-date, (2) it goes beyond an uncritical presentation and shallow explanation of the body of knowledge, (3) it maintains a tight, integrated flow between chapters, (4) it focuses on managerial implications, (5) it makes important theories accessible and interesting to students, and (6) it incorporates ancillary resources that enliven the text and make it easier to teach. Our research has shown that students and instructors alike enjoy the interesting,

informative, and accessible writing style of GBT - so much so that the writing has become Charles Hill's trademark. The author's passion and enthusiasm for the international business arena is apparent on every page. In addition to boxed material which provides deep illustrations in every chapter, Hill carefully weaves interesting anecdotes into the narrative of the text to engage the reader. For example, read the text description of Mixed Economy on pages 52-53.

International Business addresses the strategic, structural and functional implications of international business in firms around the world. This is exhibited through a critical, integrated flow from chapter to chapter.

Charles Hill's Global Business Today, 3e (GBT) has become an established text in the International Business market for its excellent, but concise coverage of the key global issues including the cultural context for global business, cross-border trade and investment, the global monetary system and competition in the global environment. GBT's concise chapters give a general introduction to international business - emphasizing the environmental factors, with less coverage of operations. Charles Hill is renowned for his attention to research trends and that is evident in Global Business Today, 3e through a variety of real world examples and cases from small, medium, and large companies throughout the world.

"International Business was developed to make international business more accessible and the teaching and learning experience more personal in order to allow all students to become informed global citizens with a global mind-set"--

This book demonstrates how the theories and insights of anthropology have positively influenced the conduct of global business and commerce, providing a foundation for understanding the impact of culture on global business, and global business on culture.

The flexible and modular format, and student focused features of International Business allows instructors to make the study of IB personally relevant for every student, and empowers them to develop their global mindset. Make the study of international business personal
