For centuries, the lighthouse has stood as a beacon of guidance for mariners at sea. More than an aid to navigation, the lighthouse symbolizes safety, permanence, reliability, and the comforts of the familiar. For this reason, we have chosen to illustrate the eleventh Canadian edition of our flagship Managerial Accounting publication by Garrison/Libby/Webb with a lighthouse image that ...

The success of every business in the hospitality industry depends on maximizing revenues and minimizing costs. This Ninth Edition continues its time-tested presentation of fundamental concepts and analytical techniques that are essential to taking control of real-world accounting systems, evaluating current and past operations, and effectively managing finances toward increased profits. It offers hands-on coverage of computer applications and practical decision-making skills to successfully prepare readers for the increasingly complex and competitive hospitality industry.

Managerial Accounting, 9th Edition provides students with a clear introduction to the fundamental managerial accounting concepts needed for anyone pursuing a career in accounting or business. The primary focus of Managerial Accounting is to help students understand the application of accounting principles and techniques in practice through a variety of engaging resources and homework exercises. By connecting the classroom to the business world through real company examples, an emphasis on decision making, and key data analysis skills appropriate at the introductory level, students are better prepared as future professionals in today's business world.

Making Connections for Student Success. Horngren enhances the student experience by providing linkages to understanding the relevance of accounting in the business world using fully integrated technology and student friendly pedagogy. Note: MyAccountingLab is not included with the purchase of this product.

Horngren's Accounting presents the core content of the accounting course in a fresh format designed to help today's learner succeed. The often difficult and intimidating topics in introductory accounting courses are reinforced with a wide variety of exercises and problems allowing students to practice similar questions many times until the concepts are clear. KEY TOPICS: Accounting and the Business Environment; Recording Business Transactions; Measuring Business Income: The Adjusting Process; Completing the Accounting Cycle; Merchandising Operations; Accounting for Merchandise Inventory; Accounting Information Systems; Internal Control and Cash; Receivables; Property, Plant, and Equipment; and Goodwill and Intangible Assets; Current Liabilities and Payroll MARKET: Appropriate for Principles of Accounting courses.

For undergraduate and MBA Cost or Management Accounting courses The text that defined the cost accounting market. Horngren's Cost Accounting, defined the cost accounting market and continues to innovate today by consistently integrating the most current practice and theory into the text. This acclaimed, market-leading text emphasizes the basic theme of "different costs for different purposes," and reaches beyond cost accounting procedures to consider concepts, analyses, and management. This edition incorporates the latest research and most up-to-date thinking into all relevant chapters and more MyAccountingLab® coverage! MyAccountingLab is web-based tutorial and assessment software for accounting that not only gives students more "I Get It" moments, but gives instructors the flexibility to make technology an integral part of their course, or a supplementary resource for students. Please note that the product you are purchasing does not include MyAccountingLab. MyAccountingLab Join over 11 million students benefiting from Pearson MyLabs.
