Inspire Science Grade 2, Be a Scientist Notebook - McGraw-Hill

I also purchased McGraw Hill's "Science: A Closer Look" Grade 2 (with the bee on the front). These two books from the same publisher are totally unique -- they don't share any pages verbatim -- but they contain virtually the same content and I would characterize them exactly the same way -- comprehensive but shallow overviews.

Reading skills and science content supported in every lesson with this student resource book. • Contains lesson outlines, vocabulary development, graphic organizers • Designed to maximize student understanding of each new science concept • Specific practice for visual interpretation, including charts, graphs, and diagrams Grade specific (1-6) consumable workbook designed for individual student use.

The Grade 2 Student Edition covers units such as Plants and Animals, Habitats, and Our Earth.

The Building Skills: Activity Lab Book provides recording pages for all of the science activities and investigations available in the program. It provides a structured approach to recording activity results.

An inquiry based program that introduces concepts and provides opportunities for students to work together to investigate and then communicate their ideas and discoveries to teachers and peers.

Your students will engage in their first guided practice with fresh reading selections every week! Students can directly interact with text in this fun take-home book by underlining, circling, and highlighting text to support answers with text evidence.

Bursting with stories and informational text selections by award-winning authors and illustrators, the Wonders Literature Anthology lets students apply strategies and skills from the Reading/Writing Workshop to extended complex text. Integrate by reading across texts with the Anchor Text and its Paired Selection for each week Build on theme, concept, vocabulary, and comprehension skills & strategies of the Reading/Writing Expand students' exposure to genre with compelling stories, poems, plays, high-interest nonfiction, and expository selections from Time to Kids
