A lot of people wonder how Chinese parents raise such stereotypically successful kids. They wonder what Chinese parents do to produce so many math whizzes and music prodigies, what it's like inside the family, and whether they could do it too. Well, I can tell them, because I've done it... Amy Chua's daughters, Sophia and Louisa (Lulu) were polite, interesting and helpful, they were two years ahead of their classmates in maths and had exceptional musical abilities. But Sophia and Lulu were never allowed to attend a sleepover, be in a school play, choose their own extracurricular activities, get any grade less than an A, and not be the #1 student in every subject (except gym and drama). And they had to practice their instruments for hours every day, as well as in school breaks and on family holidays. The Chinese-parenting model certainly seemed to produce results. But what happens when you do not tolerate disobedience and are confronted by a screaming child who would sooner freeze outside in the cold than be forced to play the piano? In *Battle Hymn of the Tiger Mother*, Amy Chua relates her experiences raising her children the 'Chinese way', and how dutiful, patient Sophia flourished under the regime and how tenacious, hot-tempered Lulu rebelled. It is a story about a mother, two daughters, and two dogs. It's also about Mozart and Mendelssohn, the piano and the violin, and how they made it to Carnegie Hall. It was supposed to be a story of how Chinese parents are better at raising kids than Western ones. But instead, it's about a bitter clash of cultures, a fleeting taste of glory, and how you can be humbled by a thirteen-year-old. Witty, entertaining and provocative, this is a unique and important book that will transform your perspective of parenting forever.

A 2018 Pura Belpré Author Honor Book *The First Rule of Punk* is a wry and heartfelt exploration of friendship, finding your place, and learning to rock out like no one's watching. There are no shortcuts to surviving your first day at a new school—you can't fix it with duct tape like you would your Chuck Taylors. On Day One, twelve-year-old Malú (María Luisa, if you want to annoy her) inadvertently upsets Posada Middle School's queen bee, violates the school's dress code

with her punk rock look, and disappoints her college-professor mom in the process. Her dad, who now lives a thousand miles away, says things will get better as long as she remembers the first rule of punk: be yourself. The real Malú loves rock music, skateboarding, zines, and Soyriso (hold the cilantro, please). And when she assembles a group of like-minded misfits at school and starts a band, Malú finally begins to feel at home. She'll do anything to preserve this, which includes standing up to an anti-punk school administration to fight for her right to express herself! Black and white illustrations and collage art throughout make *The First Rule of Punk* a perfect pick for fans of books like *Roller Girl* and online magazines like *Rookie*.

When you took that beautiful baby home from the hospital, they gave you some diapers and baby shampoo. But did you get the manual? Without the manual you're plagued with second guessing your decisions and the kids are compelled to test your discipline because they don't feel safe and secure. And you're all frustrated and exhausted! Here is your opportunity to create your own Moms Rule Book manual, based on your unique family goals and values. This book is the tool to create a manual that will become your foundation for being a structured, consistent mom who:

- Knows exactly what she wants for her kids and how she'll get it
- Is in charge
- Doesn't second guess herself
- Doesn't back down no matter what, even if the kids say she's a "mean mom"

Use these seven rules and the guide for each to create your manual. Having a manual will:

- Give you confidence in your ability to be the best mom you can
- Keep the kids from constantly testing your discipline
- Give them the safety and security they need by setting realistic rules you can follow through on every time

The 7 foundational rules are:

1. I'm going to be the perfect mom...yeah, right
2. You'll always be my baby...no matter how old you are
3. Common sense...makes sense
4. I brought you into this world...and I can take you out
5. There's a difference between need and want...and I'll tell you which it is
6. I get to be president...of the mean moms club
7. Nobody knows my kid...like I know my kid

Armed with your manual, when the kids ask why they have to follow a rule, you'll say, "Because it's in the Moms Rule Book!"
