Amazon.com: Mining geology: Books

Mineral Exploration and Mining Essentials is an indispensable primer for anyone interested in the mineral exploration and mining industry but who does not have a background in the sector. Need to make informed mining-related investment decisions?

Mineral Exploration and Mining Essentials: Robert Stevens ...

This is a great book if one wants to know the cycle of mineral and mining from the formation of minerals to mining and all the process in between. Definitely I would recommend the book to anyone who works in the mining industry and is not a geologist, or anyone who is interested in mining and geology.
