That means there has already been a 20 percent increase in homicides in DC, and the year isn't over yet. While overall crime is down 18 percent (mostly due to reductions in sex abuse, and general theft), numbers for some other violations have risen. Assault from a dangerous weapon is up 5 percent, and motor vehicle theft has jumped by 47 percent.

devices yet still incur losses at the hands of their own employees; begging the question not of how theft occurs, but why. Discussing the concept of the Theft Triangle (opportunity, motivation, and insufficient deterrents), Retail Security and Loss Prevention Solutions investigates motivational factors that contribute to loss and describes philosophies that can change the entire spectrum of employee dishonesty. It cites the revolutionary approach adopted by the New York Subway System, demonstrating that by changing the overall presentation of the business and contending with the factors preceding the crime, the crime itself can be avoided. As the title "Loss Prevention Professional" implies, the intention is to stop the damage before it occurs. To this end, chapters discuss behaviors that precede a loss event, theoretical perspectives and research on employee deviance and motivation, and methods to control

employee dishonesty through deterrents as well as ethical infrastructures. Detailing the intricacies of the Loss Prevention Profession and the myriad skills involved such as accounting, forensics, fraud detection, human behavior analysis, and interview/interrogation skills, the authors give advice on how to select the right individuals for the job and how to build a Loss Prevention department. They employ real life case studies and interviews and discuss the problems and solutions for the future of loss prevention as a whole.

Throughout history, there has been an intrinsic need for humans to detect deception in other humans. Developed in 1923, the polygraph machine was a tool designed to do just this. To date, there have been many improvements made to the basic polygraph instrument.

This book outlines the instrumentation as well as the latest in questioning techniques and methods available to the professional interviewer to determine truth from deception. The book covers psychology and physiology, a history of polygraph with the advances of leading figures, question formulation, data analysis, legal implications and legal cases, and the author's developed technique Integrated Zone Comparison Technique (IZCT).

Crime analysis has become an increasingly important part of policing and crime prevention, and thousands of specialist crime analysts are now employed by police forces worldwide. This is the first book to set out the principles and practice of crime analysis, and is designed to be used both by crime analysts themselves, by those responsible for the training of crime analysts and teaching its

principles, and those teaching this subject as part of broader policing and criminal justice courses. The particular focus of this book is on the adoption of a problem solving approach, showing how crime analysis can be used and developed to support a problem oriented policing approach – based on the idea that the police should concentrate on identifying patterns of crime and anticipating crimes rather than just reacting to crimes once they have been committed. In his foreword to this book, Nick Ross, presenter of BBC Crime Watch, argues passionately that crime analysts are 'the new face of policing', and have a crucial part to play in the increasingly sophisticated police response to crime and its approach to crime prevention – 'You are the brains, the expert, the specialist, the boffin.'

Criminal Violence: Patterns, Explanations, and Prevention, Fourth Edition, provides a current, comprehensive, and highly accessible overview of major topics, theories, and controversies within the field of criminal violence. Using engaging, straightforward language, Marc Riedel and Wayne Welsh consider diverse theoretical perspectives and present state-of-the-art prevention and intervention methods. In their discussions of various types of violence, the authors employ a consistent and coherent three-part framework that allows students to see the important relationships between research, theory, and application.

describes the year-to-year change from 2008 and trends for the 10-year period from 2000 through 2009. The Nat. Criminal Victimization Survey collects information on non-fatal crimes, reported and not reported to the police, against persons age 12 or older from a nationally representative sample of U.S. households. This report also includes data on the characteristics of victims of crime; estimates of intimate partner violence; and use of firearms and other weapons during the crime. Illustrations.

'Now, what I want is, Facts. Teach these boys and girls nothing but Facts. Facts alone are wanted in life. Plant nothing else, and root out everything else.' wonder from young minds. As a consequence his young daughter Louisa marries the loveless businessman and “bully of humility” Mr Bounderby, and his son Tom rebels to become embroiled in gambling and robbery. And, as their fortunes cross with those of free-spirited circus girl Sissy Jupe and victimized weaver Stephen Blackpool, Gradgrind is eventually forced to recognize the value of the human heart in an age of materialism and machinery. This edition of *Hard Times* is based on the text of the first volume publication of 1854. Kate Flint’s introduction sheds light on the frequently overlooked character interplay in Dickens’s great critique of Victorian industrial society.
