#1 NEW YORK TIMES BESTSELLER • NOW A NETFLIX ORIGINAL SERIES With a career, a boyfriend, and a loving family, Piper Kerman barely resembles the reckless young woman who delivered a suitcase of drug money ten years before. But that past has caught up with her. Convicted and sentenced to fifteen months at the infamous federal correctional facility in Danbury, Connecticut, the well-heeled Smith College alumna is now inmate #11187–424—one of the millions of people who disappear “down the rabbit hole” of the American penal system. From her first strip search to her final release, Kerman learns to navigate this strange world with its strictly enforced codes of behavior and arbitrary rules. She meets women from all walks of life, who surprise her with small tokens of generosity, hard words of wisdom, and simple acts of acceptance. Heartbreaking, hilarious, and at times enraging, Kerman’s story offers a rare look into the lives of women in prison—why it is we lock so many away and what happens to them when they’re there. Praise for Orange Is the New Black “Fascinating . . . The true subject of this unforgettable book is female bonding and the ties that even bars can’t unbind.”—People (four stars) “I loved this book. It’s a story rich with humor, pathos, and redemption. What I did not expect from this memoir was the affection, compassion, and even reverence that Piper Kerman demonstrates for all the women she encountered while she was locked away in jail. I will never forget it.”—Elizabeth Gilbert, author of Eat, Pray, Love “This book is impossible to put down because [Kerman] could be you. Or your best friend. Or your daughter.”—Los Angeles Times “Moving . . . transcends the memoir genre’s usual self-centeredness to explore how human beings can always surprise you.”—USA Today “It’s a compelling awakening, and a harrowing one—both for the reader and for Kerman.”—Newsweek

“A fun read for fans of the Netflix series . . . And don’t worry: These dishes are way better than the food the inmates actually eat on the show” (People). Staffed and run by a band of misfit inmates, the kitchen at Litchfield is in many ways the center of the popular show Orange Is the New Black—a setting for camaraderie, drug smuggling, power struggles, and plot twists. And then there is the food. With sixty-five recipes, twelve sidebars that expand upon the fiction of the show, and sixty photographs from the show featuring favorite characters and memorable moments, Orange Is the New Black Presents: The Cookbook adds new dimensions to any fan’s obsession. The recipes cover three square meals a day, plus snacks/sides, desserts, and drinks. They include Red’s Chicken Kiev, Miss Claudette’s Coconut Cake, and Prison Punch. The sidebars include Taystee’s suggested prison reading list, the recipe for Red’s Homemade Homeopathic Remedies, and a prison glossary. Chock full of in-depth information about the show, including recipe headnotes by the characters, DIY projects that emulate notable props, and prison factoids that help bring the show to life, this cookbook will bring a little piece of Litchfield right into your very own kitchen.

"Finally, an anthology that brings together a useful selection of essays on Orange is the New Black...Netflix's most watched series. Authors pay close critical attention to the show's diverse assemblage of characters, focusing on its production of gender, politics, and intersectional identities. Scholars, teachers, and fans of the show will welcome this book's timely contribution to discussions of one of the most-talked television shows in years."--Dana Heller, Old Dominion University, author of Loving The L Word "A timely critique of the popular Netflix series, this volume explores the nexus of race, class, gender and sexuality as both a site of resistance to and reification of oppressive stereotypes, brilliantly illustrating the myriad ways in which the show simultaneously creates and contests hegemonic discourse through its diverse characters and compelling storylines."--Joanne Gilbert, Alma College "Just when you thought queer representations had become as predictably normative as an episode of Modern Family, along comes Orange is the New Black, a break-out hit for Netflix and an exciting, whirling mess of a series that raises crucial questions about gender, race, class, and sexuality. This wonderful new collection of critical essays plumbs the depths of OINTB, and offers up trenchant analyses that will be of great interest to scholars and students of popular culture, feminist and queer studies, and everyday fans who just can't get enough of these outside-the-box characters."--Suzanna Walters, Editor-in-Chief, Signs: Journal of Women in Culture and Society. Since its 2013 premiere, Orange Is the New Black has become Netflix’s most watched series, garnering critical praise and numerous awards and advancing the cultural phenomenon of binge-watching. Academic conferences now routinely feature panels discussing the show, and the book on which it is based is popular course material at many universities. Yet little work has been published on OINTB. The series has sparked debate: does it celebrate diversity or is it told from the perspective of white privilege, with characters embodying some of the most racist and sexist stereotypes in television history? This collection of new essays is the first to analyze the show’s multiple layers of meaning. Examining Orange Is the New Black from a number of feminist perspectives, the contributors cover topics such as gender, race, class, sexuality, transgenderism, mass incarceration and the prison industrial complex, disability, and sexual assault.

The real-life Alex Vause from the critically acclaimed, top-rated Netflix show Orange Is the New Black tells her story in her own words for the first time—a powerful, surprising memoir about crime and punishment, friendship and marriage, and a life caught in the ruinous drug trade and beyond. Fans nationwide have fallen in love with Orange Is the New Black, the critically acclaimed and wildly popular Netflix show based on Piper Kerman’s sensational #1 New York Times bestseller. Now, Catherine Cleary Wolters—the inspiration for Alex Vause, Piper’s ex-girlfriend, friend, and sometimes-romantic partner on the show—tells her true story, offering details and insights that fill in the blanks, set the record straight, and answer common fan questions. An insightful, frustrating, heartbreaking, and uplifting analysis of crime and punishment in our times, Out of Orange is an intimate look at international drug crime—a seemingly glamorous lifestyle that dazzles unsuspecting young women and eventually leads them to the seedy world of prison. Told by a woman originally thrust into the spotlight without her permission—Wolters learned about Piper’s memoir in the media—Out of Orange chronicles Wolter’s time in the drug trade, her incarceration, her friendships and acquaintances with odd cellmates, her two marriages, and her complicated relationship with Piper. But Wolters is not solely defined by her past; she also reflects on her life and the person she is today. Filled with colorful characters, fascinating tales, painful sobering lessons, and hard-earned wisdom, Out of Orange is sure to be provocative, entertaining, and ultimately inspiring.

Quando era jovem, tudo o que Piper Kerman queria era viver novas experiências, conhecer pessoas diferentes e descobrir o que fazer com o diploma recém-adquirido da prestigiosa Smith College. Anos depois, com um bom emprego e prestes a se casar, ela recebe uma visita inesperada: a polícia. Piper estava sendo intimada para responder por envolvimento com o tráfico internacional de drogas. A acusação era verdadeira: recém-formada, Piper teve um caso com uma traficante glamorosa que a conveuenceu a levar uma maleta de dinheiro para a Europa. Sua aventura pelo submundo do crime voltou à tona no dia em que a polícia bateu à porta dela. Depois de uma dolorosa odisseia pelo sistema judiciário americano, Piper é condenada a quinze meses de detenção numa penitenciária feminina no meio do nada — longe dos amigos, da família e de tudo o que ela conhecia. Em Orange Is the New Black, Piper apresenta casos curiosos, perturbadores, comovedentes e divertidos do dia a dia no presídio. Cercada de criminosas, logo percebe que aquelas mulheres são muito mais complexas do que ela imaginava. Ao mesmo tempo que aprende a conviver com regras arbitrárias e um rigoroso código de conduta, Piper revela as alegrias e angústias das presidiárias e analisa a crueldade com que o sistema carcerário as desumaniza e faz com que sejam invisíveis ao mundo exterior.

A new edition that brings the ways we watch and think about television up to the present We all have opinions about the television shows we watch, but television criticism is about much more than simply evaluating the merits of a particular show and deeming it “good” or “bad.” Rather, criticism uses the close examination of a television program to explore that program’s cultural significance, creative strategies, and its place in a broader social context. How to Watch Television, Second Edition brings together forty original essays—more than half of which are new to this edition—from today’s leading scholars on television culture, who write about the programs they care (and think) the most about. Each essay focuses on a single television show, demonstrating one way to read the program and, through it, our media culture. From fashioning blackness in Empire to representation in Orange is the New Black and from the role of the reboot in Gilmore Girls to the function of changing political atmospheres in Roseanne, these essays model how to practice media criticism in accessible language, providing critical insights through analysis—suggesting a way of looking at TV that students and interested viewers might emulate. The contributors discuss a wide range of television programs past and present, covering many formats and genres, spanning fiction and non-fiction, broadcast, streaming, and cable. Addressing shows from TV’s earliest days to contemporary online transformations of the medium, How to Watch Television, Second Edition is designed to engender classroom discussion among television critics of all backgrounds.

In this fascinating book, New Yorker business columnist James Surowiecki explores a deceptively simple idea: Large groups of people are smarter than an elite few, no matter how brilliant—better at solving problems, fostering innovation, coming to wise decisions, even predicting the future. With boundless erudition and in delightfully clear prose, Surowiecki ranges across fields as diverse as popular culture, psychology, ant biology, behavioral economics, artificial intelligence, military history, and politics to show how this simple idea offers important lessons for how we live our lives, select our leaders, run our companies, and think about our world.
