Canadian Organizational Behaviour reflects the dynamic world of organizational behaviour and emerging workplace realities - social media and virtual teams; values and self-leadership; emotional intelligence and effective teamwork skills. The Tenth Edition explains how these new realities impact/benefit an organization, and that organizational behavior is not just for managers, but is relevant to all who work in and around organizations. Canadian Organizational Behaviour has developed a reputation for its solid foundation of contemporary and classic research and writing. This evidence-based foundation is apparent from the number and quality of literature cited in each chapter, including dozens of articles, books, and other sources.
