Regardless of what society tells us, we were created to be totally dependent upon God physically, emotionally, and spiritually. The problem is we have put ourselves at the center of our lives and moved God out to the periphery as we try to satisfy all of our desires and ambitions. Only after life begins to "hit the fan" do we realize that "something" is missing. Unfortunately, as powerless human beings we continue to substitute the yearning in our hearts for spiritual and emotional needs with the acquisition of worldly possessions. However, the gnawing emptiness within not only remains, it turns us numb as we continue our search for more of life's gusto. Developing physical, emotional, and spiritual reflex responses is critical to a purpose filled life. To those who feel there is a more fulfilling way to live, let these tips be your playbook for both games. A former golf professional and golf coach, Bill Carlucci resides in Connecticut with his wife Maria of 30 years and two daughters Emily, 24 and Leah, 18. He has played a strong role with the Chamber of Commerce and the Southwest Area (CT) Commerce and Industry Association. He is a past member of the Board of Directors of both Stamford Hospice and the Stamford Youth Foundation. Bill received training in Christian Care-giving, Christ Care Small Group Leadership and as a Prison Fellowship volunteer. He is both a licensed and ordained member of the clergy Bill's ministry is to train people of all ages to manage life using the same mental focus and strategies used in golf. The ministry uses the unifying relationship building opportunities golf provides to break down denominational and racial walls currently standing in the way of

unityamong Christians.

Reading educates - this is an old saying, only too true. From reading and children's book over young people's books to the literary year. Scientists confirm: Reading promotes language development, aesthetic perception, creativity, concentration, logic, perception and memory. Reading changes the brain. People, who read, stay mentally fit longer. And that`s we all want, right?

Screenwriting Tip #99 Voice-over usually feels like scaffolding. You know-something you left in there when you were constructing the first draft, but really should have torn out after it served its purpose. Screenwriting Tip #120 Always remember that funny trumps everything. Your script could be written in crayon with your name spelled wrong on the cover, but if it's genuinely funny, none of that matters. Screenwriting Tip #156 The easiest way to write kick-ass protagonists is to make them incredibly good at what they do. Confused at the outline stage? Stuck in the swamp of Act Two? Don't know who your protagonist is or where she's going? You might feel like a hack. But don't worry-you're not alone. Even the most experienced writers feel like this at times. Sometimes we just need a few short pointers and reminders to set us on the path again. Xander Bennett worked as a script reader in the trenches of Hollywood, reading and covering hundreds of mediocre screenplays. After months of reading about heroic Sea World trainers, transgendered circus detectives and crime-fighting chupacabras, he couldn't take it any more. Xander started a blog called 'Screenwriting Tips, You Hack', a place designed to provide short, witty tips on screenwriting for amateur writers all the way up to journeymen scribes. This book is the evolution of that blog. Dozens of the best scripts (along with many brand-new ones) have been expanded into bite-sized chapters full of funny, insightful, highly usable advice. Let Xander's pain be your gain as you learn about the differences between film and television structure, how to force yourself to write when you really don't want to, and why you probably shouldn't base your first spec script around an alien invasion.

Scott Kelby and Felix Nelson (the creative team behind Photoshop User magazine) take their best-selling Photoshop Killer Tips books to a whole new level with their update for Photoshop CS2. Okay, why a book of nothing but tips? Because that's where all the really slick, really useful, and really fun stuff is. It's true! If we're looking through a book and we see the word "Tip" we're all immediately drawn to it, because we know we're about to learn something great. Maybe it's an undocumented keyboard shortcut, a hidden inside secret, or just a faster, better way to do something we do every day. The only problem with the tips in these books is that there are never enough of 'em. That is, until now. That's because this book is packed cover-to-cover, wall-to-wall with nothing but those cool Photoshop CS2 sidebar tips. Every tip is designed to make you work faster, smarter, and have more fun using Photoshop CS2. There are no detailed descriptions of CMYK separation set-ups, or long boring discussions on color management theory. It's just tips--short, sweet, and to the point. But we've done the "tip" idea one better, because every tip has a full-color graphic to make the tips even more accessible, even more fun, and even easier to use. Most importantly, to get in this book they've got to be "Killer Tips." The kind of tip that makes you smile, nod, and then call all your friends and "tune them up" with your new status as Photoshop guru. If you've wondered how the pros get twice the work done in half the time, it's because they know all the tips, and all the tricks. Now with this book, so will you.
