The politics of the Philippines take place in an organized framework of a presidential, representative, and democratic republic whereby the president is both the head of state and the head of government within a pluriform multi-party system. This system revolves around three separate and sovereign yet interdependent branches: the legislative branch, the executive branch, and the judicial branch. Executive power is exercised by the government under the leadership of the president. Legislative pow

Politics of the Philippines - Wikipedia

Organized political opposition was revived for legislative elections held in 1978, and, since the downfall of Marcos, partisan politics has returned to its pre-1972 level, with a large number of political parties emerging. The Filipino political scene is marked by parties constantly forming, re-forming, merging, and splintering into factions.

The Republic of the Philippines was proclaimed on July 4, 1946, with Manuel Roxas as President. Massive rehabilitation and rebuilding out of the devastation brought about by the war was started. In 1972, Martial Law was declared by then President Ferdinand Marcos.

The Philippines: History

From 1935, when the Philippines became a semiautonomous commonwealth, the behavior of presidents and other powerful political and economic elites has heavily influenced the quality of the country's democratic politics and governance. 1 The Philippines is a unitary state with a winner-take-all electoral system, a presidency that exercises huge power over budgets and appointments, and congenitally weak political parties. As a result, the president plays a central role in determining policy ...

Philippine Politics and Governance: An Introduction ...

The Philippines have endured a long saga of diverse electoral proceedings. Beginning during the country's era of colonization, pioneered by the Spanish and American predecessors, a formal system of elections was first instituted by and for the patriarchy. With democracy currently being attributed to a...

20 essays on law and government in the Philippines.

Philippine political history, especially in the twentieth century, challenges the image of democratic evolution as serving the people, and does so in ways that reveal inadequately explored aspects of many democracies. In the first decades of the twenty-first century the Philippines has nonetheless shown gradual socioeconomic "progress". This book provides an interpretive overview of Philippine politics, and takes full account of the importance of

patriotic Philippine factors in making decisions about future political policies. It analyses whether regional and local politics have more importance than national politics in the Philippines. Discussing cultural traditions of patronism, it also examines how clan feuds localize the state and create strong local policies. These conflicts in turn make regional and family-run polities collectively stronger than the central state institution. The book goes on to explore elections in the Philippines, and in particular the ways in which politicians win democratic elections, the institutionalized role of public money in this process, and the role that media plays. Offering a new interpretive overview of Philippine progress over many decades, the author notes recent economic and political changes during the current century while also trying to advance ideas that might prove useful to Filipinos. Presenting an in-depth analysis of the problems and possibilities of politics and society in the Philippines, the book will be of interest to those researching Southeast Asian Politics, Political History and Asian Society and Culture.

This interdisciplinary study analyzes the role of sport during the American occupation of the Philippines and how it related to race, religion, government, and more. It examines how sport was used by colonial authorities to achieve occupation aims and argues that similar strategies continue to be prominent factors in U.S. foreign policy.
