The Post Card: From Socrates to Freud and Beyond (French: La carte postale: De Socrate à Freud et au-delà) is a 1980 book by the French philosopher Jacques Derrida. It is a "satire of epistolary literature." After Glas (1974), it is sometimes considered Derrida's most " literary " book, and continues the critical engagement with psychoanalysis first signaled in "Freud and the Scene of Writing" from Derrida's Writing and Difference (1967).
