known as
“financial
accounting,” and
internal
reporting issues
related to
“managerial
accounting.”

a more formal
definition of
accounting:

Accounting is a
set of concepts
and techniques
that are used to
measure and
report financial
information
about an
economic unit.
The economic
unit is

generally
considered to be
a separate
enterprise. The
information is
reported to a
variety of
different types
of interested
parties.
