Born in 1899, Randall Thompson was similar to Frost in that he spent much of his childhood and adult life in New England. After attending Harvard University in 1916, Thompson developed an avid interest in choral composition and worked at numerous music-related jobs. In 1927, Thompson was appointed assistant professor of music and choir director at Wellesley College in Massachusetts and, after ...

Cover has this book being number 5 in the series. The publisher's website has conflicting information, but title page has No. 6.

This is the first major reference work on this important choral composer. As is usual for volumes in this valuable series, the book is clearly printed and well bound, and it is highly recommended for undergraduate and graduate music collections as well as for public libraries serving communities with active choral societies. Choice When Randall Thompson died in 1984, America lost one of its most distinguished musicians. At the time of his death, it was already apparent that an assessment of his varied contributions to our musical life in the context of his contemporary generation was sorely needed. Randall Thompson: A Bio-Bibliography is the first comprehensive study of Thompson's oeuvre since his death. The volume is organized into five parts, beginning with a substantial biography written by David Francis Urrows, Thompson's final student and amanuensis. Urrows presents new information on

Thompson's youth, his study in Italy and the influence of Malipiero on his work, his educational and compositional philosophy, and his role in the emergence of American music from the influence of European models. Benser's most complete catalog of works compiled to date follows. This vital list includes previously unpublished compositions, particularly those newly made available by Thompson's longtime publisher, E. C. Schirmer, and new recordings made by Bay Cities Music. A sampling of prose writings by Thompson offers a eclectic overview. The complete, extensively annotated bibliography, discography, and two appendixes that list Thompson's compositions chronologically and alphabetically complete this study. Music libraries will want to add this volume to their collections. It will also be an invaluable reference for choral directors, program note annotators, and American music enthusiasts.

Thompson's works, presented chronologically and given RT numbers, are described based on information gleaned from correspondence, diaries, personal interviews with his family, friend, and colleagues, newspaper reviews, the composer's own program notes, recordings, and assorted other sources. Extensive performance histories on the more important works are provided, and every known performance which Thompson himself conducted or attended is cited. In addition, conductors who particularly championed Thompson's works are given emphasis in the commentary and lists of performances--Back cover.

The woods are lovely, dark and deep, But I have promises to keep, And miles to go before I sleep, And miles to go before I sleep. From the illustrator of the world's first picture book adaptation of Robert Frost's "The Road Not Taken" comes a new interpretation of another classic Frost poem: "Stopping By Woods on a Snowy Evening." Weaving a simple story of love, loss, and memories with only illustrations and Frost's iconic lines, this stirring picture book introduces young readers to timeless poetry in an unprecedented way.

Offering comprehensive coverage of classical music, this guide surveys more than eleven thousand albums and presents biographies of five hundred composers and eight hundred performers, as well as twenty-three essays on forms, eras, and genres of classical music. Original.

The bibliography lists nearly 5,000 compositions by 200 composers of jazz and "art" music, indicating where scores or realizations can be purchased, rented, or borrowed, and which Boston area libraries have them in their collections.

This volume focuses specifically on narrative inquiry as a means to interrogate research questions in music education, offering music education researchers indispensable information on the use of qualitative research methods, particularly narrative, as appropriate and acceptable means of conducting and reporting research. This anthology of narrative research work in the fields of music and education builds on and supports the work presented in the editors' first volume in *Narrative Inquiry in Music Education: Troubling Certainty* (Barrett & Stauffer, 2009, Springer). The first volume provides a context for undertaking narrative inquiry in music education, as well as exemplars of narrative inquiry in music education and commentary from key international voices in the fields of narrative inquiry and music education respectively.

An introduction to Robert Frost containing fifty-one of his best poems for young people

A Creative Duet: Mentoring Success for Emerging Music Educators offers new insights into music education mentoring. This book shows pre-service and early career music educators how to be proactive, innovative partners in the mentoring process. Author Jamila L. McWhirter gives expert guidance and practical tools to encourage emerging music educators to shape their own careers. Grounded in research and nearly three decades of experience as a music educator and music teacher educator, the book examines the collaborative and creative nature of the mentoring process and guides readers to the importance of informal, organic mentoring partnerships. Based upon an innovative approach, *A Creative Duet* is a book on how emerging music educators may gain the most from mentoring experiences while sharing and finding their own voice. Dr. McWhirter guides the reader through creative strategies, real-life examples and experiences, as well as introducing the thoughts and feelings of several emerging music educators concerning their mentoring experiences. She leads the reader through proactive preparation steps such as developing a personal mission statement, setting a course of action, examining the importance of establishing a time commitment to the mentoring relationship, as well as other aspects of self-exploration. *A Creative Duet* is an important book not only for the pre-service and early career music educator, but also for those involved in guiding future music educators.
