Rebuilding and tuning ford's kent crossflow engine I have a mint copy of "rebuilding and tuning ford's kent crossflow engine" Looking around these books can go for silly money but 50 -60 pounds seems to be the going rate so im looking for £55 inc postage.

Rebuilding and tuning ford's kent crossflow engine
Kents are quite easy to tune to GT spec, which usually means the biggest capacity block, slightly bigger valves (usually taken care of with a performance head), GT cam/A1, free flow exhaust and twin choke Weber - you should see around 80-90bhp. Switch to a Kent BCE2 or a 224 and you'll be approaching 110bhp.

Rebuilding and Tuning Ford's CVH Engine Manual PDF. It would be impossible to mention everyone who has helped with the preparation of this book. This includes large numbers of Ford enthusiasts at rallies and car meets who have talked to us about their experiences and given advice and helpful hints and tips. Numerous people have also gone to a great deal of trouble to provide facilities for taking photographs, to the extent of disrupting their workshops on some occasions.
