~~\*Renegade Regionalists: the Modern Independence of Grant ---~~

The American Regionalists celebrated familiar subjects in ways accessible for a general public, making their work popular among a broad range of audiences. Yet, with the rise of totalitarian governments in Europe, who used such realist and figurative art as propaganda, Regionalism came to be seen as politically problematic and retrogressive.

Ironically, although Wood spoke of regionalism as "anti-colonialist" (Renegade Regionalists, 53), a movement against the European art flooding the New York markets and the abstract style that young American painters were learning in Paris, the style that Wood settled on was influenced heavily by German modernism, Northern Renaissance masters, and the forms inspired by the Parisian Arts Decoratifs show of 1925. Thus, it seems clear that stylistic divinations were peripheral to the meaning of ...

Led by Benton from Missouri, Curry from Kansas, and Wood from Iowa, the regionalists rose to prominence during the Great Depression by opposing what they characterized as the international urban modernism being promoted in New York by Alfred Stieglitz and others. They instead advocated an art that more closely reflected the rural lives and concerns of ordinary working people in their midwestern home states and across the country.
