Sharon and My Mother-in-Law: Ramallah Diaries by Suad Amiry. For a story that took twenty years to live and write, it is a tribute to Suad Amiry ' s narrative skill and the force of her personality that Sharon and My Mother-in-Law reads as quickly as it does. Amiry ' s quick pacing is even more astonishing because the narrative, told through diary entries and e-mail correspondence, primarily describes a life spent waiting: waiting for the Israeli occupation of Ramallah and other Palestinian ...

Sharon and my Mother-in-Law is no literary masterpiece (sometimes the superfluous use of exclamation points became distracting), and might not be a timeless work of art (it doesn ' t pretend to be either). But the resilient and witty Amiry eloquently captures the regular absurdity of life under occupation, and her snapshots of life in Ramallah are all the more richer because of her feminist ...

Sharon And My Mother In Law Ramallah Diaries [PDF]
" Thank God she hasn't (her son did!) " says Suad Amiry, with characteristic humour when asked if her mother-in-law has read her critically acclaimed Ramallah diaries, entitled Sharon and my Mother-in-Law. The book arose out of a form of email therapy, as Amir tried to stay sane cooped up with her Mother-in-Law, with Sharon's army on her doorstep, during the forty-three day curfew imposed by the Israeli military on the residents of Ramallah during March 2002.

Based on diaries and email correspondence that she kept from 1981-2004, here Suad Amiry evokes daily life in the West Bank town of Ramallah. Capturing the frustrations, cabin fever, and downright misery of her experiences, Amiry writes with elegance and humor about the enormous difficulty of moving from one place to another, the torture of falling in love with someone from another town, the absurdity of her dog receiving a Jerusalem identity card when thousands of Palestinians could not, and the trials of having her ninety-two-year-old mother-in-law living in her house during a forty-two-day curfew. With a wickedly sharp ear for dialogue and a keen eye for detail, Amiry gives us an original, ironic, and firsthand glimpse into the absurdity—and agony—of life in the Occupied Territories.

A collection of journal entries, e-mail correspondence, vignettes, and anecdotes offers an irreverent portrait of the miseries of daily life in the West Bank town of Ramallah, dealing with curfews, roadblocks, violence, and a mother-in-law trapped during a forty-two-day curfew. Reprint.

'Sharon And My Mother-In-Law' is an entertaining and spirited account of living on the West Bank from the early eighties to the present. The book is full of the life and gossip of Amiry's neighbourhood in Ramallah.

A psychologist who evaluates the fitness of parents when their children have been removed from their custody finds herself reassessing her own mothering when her son falls victim to the opioid crisis. Psychologist and expert witness Dr. Sharon Lamb evaluates parents, particularly in high-stakes cases concerning the termination of parental rights. The conclusions she reaches can mean that some children are returned home from foster homes. Others are freed for adoption. Well-trained, Lamb generally can decide what ' s in the best interests of the child. But when her son ' s struggle with opioid addiction comes to light, she starts to doubt her right to make judgments about other mothers. As an expert, a professor, and a mother, Lamb gives voice to the near impossible standards demanded by a society prone to blame mothers when anything befalls their children. She describes vividly the plight of individual parents, mothers in particular, struggling with addiction and mental illness and trying to make stable homes for their kids amid the economic and emotional turmoil of their lives—all in the context of the opioid epidemic that has ravaged her home state of Vermont. In her office, during visits with their children, and in the family court, the parents we meet wait anxiously for Lamb ' s verdict: Have they turned their lives around under child welfare ' s watchful eye? Do they understand their children ' s needs? In short, are they good enough? But what is good enough? Lamb turns that question on herself in the midst of her gradual realization of her son ' s opioid addiction. Amazed at her own denial, feeling powerless to help him, Lamb confronts the heartache she can bring into the lives of others and her power to tear families apart.

Set in Jaffa in between 1947 and 1951, this " fable-like historical novel of young love ... darkly humorous and touching . . ." (Oprah Daily) is based on a true story during the beginning of the destruction of Palestine and displacement of its people. Based on the true story of two Jaffa teenagers, Mother of Strangers follows the daily lives of Subhi, a fifteen-year-old mechanic, and Shams, the thirteen-year-old student he hopes to marry one day. In this prosperous and cosmopolitan port city, with its bustling markets, cinemas, and cafés on the hills overlooking the Mediterranean Sea, we meet many other unforgettable characters as well, including Khawaja Michael, the elegant and successful owner of orange groves above the harbor; Mr. Hassan, the tailor who makes Subhi ' s treasured English suit, which he hopes will change his life; and the very mischievous and outrageous Uncle Habeeb, who insists on introducing Subhi to the local bordello. With a thriving orange export business, Jaffa had always been a city welcoming to outsiders—the " Mother of Strangers " —where Muslims, Jews, and Christians lived peacefully together. Once the bombardment of the city begins in April 1948, Suad Amiry gives us the grim but fascinating details of the shock, panic, and destruction that ensues. Jaffa becomes unrecognizable, with neighborhoods flattened, families removed from their homes and separated, and those who remain in constant danger of arrest and incarceration. Most of the population flees eastward to Jordan or by sea to Lebanon in the north or to Egypt and Gaza in the south. Subhi and Shams will never see each other again. Suad Amiry has written a vivid and devastating account of a seminal moment in the history of the Middle East—the beginning of the end of Palestine and a portrait of a city irrevocably changed.

Politics enters the lives of every family in Palestine. In this literary-historical tour de force, Suad Amiry traces the lives of individual members of Palestinian families and, through them, the histories of both Palestine and the émigré Palestinian community in other countries of the Middle East. Amiry mixes nostalgia with anger while mocking Israeli doublespeak that seeks to wipe out any trace of a Palestinian past in West Jerusalem. She juxtaposes serial bombardments and personal tragedies; evokes the sights and smells of Palestinian architecture and food; and weaves for us the tapestry that is the Palestinian reality, caught between official histories and private memories. Through poetry and prose, monologue and dialogue, we glimpse the lost Palestinian landscape, obscured by the silent battle between remembering and forgetting.

Holly's father tells her a story about when she was a new baby, but first she has questions about baby animals and how their parents care for them.

Sharon Olds completes her cycle of family poems in a book at once intense and harmonic, playful with language, and rich with a new self-awareness and sense of irony. The opening poem, with its sequence of fearsome images of war, serves as a prelude to poems of home in which humor, anger, and compassion sing together with lyric energy—sometimes comic, sometimes filled with a kind of unblinking forgiveness. These songs of joy and danger—public and private—illuminate one another. As the book unfolds, the portrait of the mother goes through a moving revisioning, leading us to a final series of elegies of hard-won mourning. One Secret Thing is charged throughout with Sharon Olds ' s characteristic passion, imagination, and poetic power. The doctor on the phone was young, maybe on his first rotation in the emergency room. On the ancient boarding-school radio, in the attic hall, the announcer had given my boyfriend ' s name as one of two brought to the hospital after the sunrise service, the egg-hunt, the crash—one of them critical, one of them dead. I was looking at the stairwell banisters, at their lathing, the necks and knobs like joints and bones, the varnish here thicker here thinner—I had said Which one of them died, and now the world was an ant ' s world: the huge crumb of each second thrown, somehow, up onto my back, and the young, tired voice said my fresh love ' s name. from " Easter 1960 "
