should use science-based approaches to advance practice goals.

## Art and Science of Social Work Revisited: Relevance for a ...

Dr. Richard Cabot in "Social Service and the Art of Healing" calls attention to some of the bad results that follow the use of the placebo. He says that it fosters the patent medicine habit, and the habit of selfdrugging. It gives the patient indirectly a wrong idea, a harmful idea of the way disease is produced and avoided.

Through this article, we approach part of the results obtained in the qualitative study carried out on an art therapy workshop for primary intervention in the field of social services. We see how art is configured as a useful tool for social intervention, as an observation space to detect social problems and difficulties in child development
