Following the tragic death of his wife, a man tries to put his life back together with his 3 children.

Lori Wick's Timeless Classic Returns After the tragic death of his wife, Alec Riley struggles to put his life back together. He and his three children are lost in their grief...until Sophie walks unexpectedly into their lives. Having left her native Czechoslovakia, Sophie has discovered the land which seemed so bright with promise is far from her dream. A highly educated woman, Sophie now finds herself keeping house for Alec and his family. How can Sophie find peace in her new job? Will God use her gentle spirit to help heal Alec's broken heart? 25 years after its initial release comes this exquisite silver anniversary edition of Lori Wick's bestselling classic, Sophie's Heart (over 350,000 copies sold worldwide). Get swept up anew in Sophie and Alec's love story with this beautifully designed keepsake version of one of the most beloved Christian romance novels of all time.

Army conscript Kasper Bator is assigned to guard a dangerous witch, but he discovers that she is really Princess Izolda, a hostage from a rival kingdom, who she must die on her eighteenth birthday, and he determines to help her escape.

At age twelve, Sophie learns that the remarkable abilities that have always caused her to stand out identify her as an elf, and after being brought to Eternalia to hone her skills, discovers that she has secrets buried in her memory for which some would kill.

From Jennifer Donnelly, author of the acclaimed New York Times bestseller Stepsister, comes a fairytale retelling that'll forever change the way you think about strength, power, and the real meaning of "happily ever after."

"You're expecting me to stay with you in a house that's an hour's walk from the nearest bar of chocolate?" Coming to Sweden to help Dr. Sven Hedberg make a full recovery from an accident was not Gabby Hyssop's idea of fun, especially when she realized that she would be alone with the broodingly handsome surgeon. However, her father's reputation was at stake, so she must at least try to help Sven. But when he started to get too close, who would be on hand to help her?

Meet Saint Madeleine Sophie Barat, a courageous woman who founded the Society of the Sacred Heart. From a young child born in Joigny, France, to becoming a nun in Paris, she devoted her life to God, educating young girls and helping the poor. This inspirational children's story is beautifully illustrated. Saint Madeleine Sophie Barat was born in Joigny, France. She came from a simple family that taught her to work hard and be a good person. Her brother, Louis, helped shape who she became and helped her realize that God had a great mission for her. Together with other religious, Sophie founded a congregation consecrated to the Sacred Heart of Jesus. That congregation, the Society of the Sacred Heart, had as its objective the formation of young girls so that they might one day be good mothers to their families and be good Christians in order to better Society. This path was not an easy one but with tenacity and love, her labours paid off and her objectives were met.

At the age of twelve, Sophie Caco is sent from her impoverished village of Croix-des-Rosets to New York, to be reunited with a mother she barely remembers. There she discovers secrets that no child should ever know, and a legacy of shame that can be healed only when she returns to Haiti--to the women who first reared her. What ensues is a passionate journey through a landscape charged with the supernatural and scarred by political violence, in a novel that bears witness to the traditions, suffering, and wisdom of an entire people.

One day Sophie comes home from school to find two questions in her mail: "Who are you?" and "Where does the world come from?" Before she knows it she is enrolled in a correspondence course with a mysterious philosopher.

Thus begins Jostein Gaarder's unique novel, which is not only a mystery, but also a complete and entertaining history of philosophy.

In the midst of a raging fire on a winter night in 1779, a Burgundian woman went into early labor and delivered a child who never should have survived. Instead, the tiny infant-Madeleine Sophie Barat-went on to thrive in a France wracked and torn by revolution, terror, Napoleonic domination, and all that followed in their wake. Possessed of a vision of a world dedicated to generosity and love, she founded a religious order and an international network of schools that still flourish today: the schools of the Sacred Heart. In 1925 she was declared a saint. Passionate, brilliant, politically savvy, and aware of the powerful potential of women to reshape society, Sophie is a role model for our own times. This is a book for lovers of European history, gender politics, and Roman Catholic Church history and spirituality. The nineteenth century saw the birth of modern Europe as absolute monarchies and small principalities gave way to nation states, and as the power of the Catholic Church was seriously tested. Sophie Barat was threatened, directly or indirectly, by figures as disparate as Napoleon Bonaparte, the Archbishop of Paris, the Italian nationalist Giuseppe Garibaldi, and key members of the Vatican hierarchy. All of these colorful figures find a place in the novel, which sweeps the reader from the politically charged years just before the French Revolution up to the year 1852. Journalist and writer Cokie Roberts, a Sacred Heart alumna, writes, "Though this is a work of fiction, there's nothing imaginary about the attempts to sabotage the young woman and her mission that Solari so perfectly portrays." Professor Robert Pogue Harrison of Stanford University adds that the book is "an exquisite tapestry that brings alive . . . Barat's inner spirituality, her formidable intellect, her institutional activism, and the geopolitics of her historical age." Kathleen Hughes, RSCJ, a past Superior of the U.S. Province, assures readers that "those who know Sophie's life will delight in fresh insight; those encountering her for the first time will be amazed that such a thoroughly contemporary woman began her life's work two hundred years ago and continues to influence hundreds of thousands today." For more information on the book, Sophie herself, and the historical and intellectual world in which she lived, visit sophiesfire.com.
