This study unravels the real dynamics at stake within the Lebanese Madame/Sri Lankan housemaid relationship. Unraveled in this book are the real dynamics at stake in the Madame/housemaid relationship. While cases of extreme physical abuse by the Lebanese women who hire housemaids - Madames - are an exception, what has become normalised are more insidious patterns of domination used to control each and every aspect of their employees' lives. For their part, Sri Lankan housemaids are not merely passive victims. Away from direct provocation and first-hand repercussions, they try to deflect what Pierre Bourdieu has called 'symbolic violence'. These attempts at 'everyday forms of resistance', as defined by James Scott, can help loosen their employers' grip. Yet, as this unprecedented study shows, the Madame/housemaid relationship and the rules that govern it remain under the managerial hold of the Madame.

This edition of Importing Into the United States contains material pursuant to the Trade Act of 2002 and the Customs Modernization Act, commonly referred to as the Mod Act. Importing Into the United States provides wide-ranging information about the importing process and import requirements. We have made every effort to include essential requirements, but it is not possible for a book this size to cover all import laws and regulations. Also, this publication does not supersede or modify any provision of those laws and regulations. Legislative and administrative changes are always under consideration and can occur at any time. Quota limitations on commodities are also subject to change. Therefore, reliance solely on the information in this book may not meet the "reasonable care" standard required of importers.
