Steampunk Battleship. This steampunk sci-fi battleship is my largest ever MOC. I've always found steampunk to be the most inspiring design movement, as it's so easy to design anything in steampunk style, all the way from animals and cars, right through to outfits and battleships. Complete with a display stand, this model will make an awesome addition to any ultimate LEGO collection.

After creating my LED Lego Octopus, I decided to put a SteamPunk theme on my next one. This Lego Octopus is similar to my last one but I was able to streamline the wiring process a bit. I also added Lego Technic gears and 18k gold paint to give it the SteamPunk aesthetic. I used orange LED lights this time instead of the RGB LEDs.
