(The second book in the Third Wave series) A novel by Mikayla Lane As part of the Dranovian contingent rotated out for duty on Fornait One, Strafe Za' Natir had been determined to make the best of the worst working conditions on the barely habitable world.

~~Strafe (Third Wave, book 2) by Mikayla Lane~~

Each book introduces someone new but also the characters in other books are there too. I feel so sorry for Elias and his mate even though he hasn't had his book yet. Strafe is one badass warrior. Heather is feisty and brilliant. The plot thickens with plans from the evil of all the worlds. Tristan is just so cool.

President Franklin D. Roosevelt famously called 7 December 1941 "a date which will live in infamy." Follow the soldiers and politicians, both in the US and Japan, through the course of this awful day which marked the United States' entrance into World War II. This graphic non-fiction book tells the story of this fateful day.

Scaden Torensen was bored to death on his first voyage as a Commander of a Valendran fleet ship. Until a chance encounter with an ancient distress beacon turns his world upside down. Pitted against his loyalties and everything he believes he's forced to fight for the impossible... for what belongs to him. A child born of two worlds, Cari Lakatis has spent her whole life on Earth hiding from an ancient enemy of her father's people. Raised on stories of her father and his world, by her uncle, she's always dreamed of having a normal life. Now the enemy has finally caught up to her, and their plans are more insidious than she could have ever imagined. Betrayed by those they trusted the most, time is running out for them, and in order to save themselves they will have to decide if what they have found is truly worth fighting for.

#1 NEW YORK TIMES BESTSELLER • NOW A MAJOR MOTION PICTURE • Look for special features inside. Join the Random House Reader's Circle for author chats and more. In boyhood, Louis Zamperini was an incorrigible delinquent. As a teenager, he channeled his defiance into running, discovering a prodigious talent that had carried him to the Berlin Olympics. But when World War II began, the athlete became an airman, embarking on a journey that led to a doomed flight on a May afternoon in 1943. When his Army Air Forces bomber crashed into the Pacific Ocean, against all odds, Zamperini survived, adrift on a foundering life raft. Ahead of Zamperini lay thousands of miles of open ocean, leaping sharks, thirst and starvation, enemy aircraft, and, beyond, a trial even greater. Driven to the limits of endurance, Zamperini would answer desperation with ingenuity; suffering with hope,

resolve, and humor; brutality with rebellion. His fate, whether triumph or tragedy, would be suspended on the fraying wire of his will. Appearing in paperback for the first time—with twenty arresting new photos and an extensive Q&A with the author—Unbroken is an unforgettable testament to the resilience of the human mind, body, and spirit, brought vividly to life by Seabiscuit author Laura Hillenbrand. Hailed as the top nonfiction book of the year by Time magazine • Winner of the Los Angeles Times Book Prize for biography and the Indies Choice Adult Nonfiction Book of the Year award “Extraordinarily moving . . . a powerfully drawn survival epic.”—The Wall Street Journal “[A] one-in-a-billion story . . . designed to wrench from self-respecting critics all the blurby adjectives we normally try to avoid: It is amazing, unforgettable, gripping, harrowing, chilling, and inspiring.”—New York “Staggering . . . mesmerizing . . . Hillenbrand’s writing is so ferociously cinematic, the events she describes so incredible, you don’t dare take your eyes off the page.”—People “A meticulous, soaring and beautifully written account of an extraordinary life.”—The Washington Post “Ambitious and powerful . . . a startling narrative and an inspirational book.”—The New York Times Book Review “Magnificent . . . incredible . . . [Hillenbrand] has crafted another masterful blend of sports, history and overcoming terrific odds; this is biography taken to the nth degree, a chronicle of a remarkable life lived through extraordinary times.”—The Dallas Morning News “An astonishing testament to the superhuman power of tenacity.”—Entertainment Weekly “A tale of triumph and redemption . . . astonishingly detailed.”—O: The Oprah Magazine “[A] masterfully told true story . . . nothing less than a marvel.”—Washingtonian “[Hillenbrand tells this] story with cool elegance but at a thrilling sprinter’s pace.”—Time “Hillenbrand [is] one of our best writers of narrative history. You don’t have to be a sports fan or a war-history buff to devour this book—you just have to love great storytelling.”—Rebecca Skloot, author of *The Immortal Life of Henrietta Lacks*

When the United States military targets the island of Okinawa as part of a plan to halt conflicts that are inflicting massive casualties on both sides, B-29 pilot Paul Tibbets accepts a mission with world-changing implications.

In the pantheon of air power spokesmen, Giulio Douhet holds center stage. His writings, more often cited than perhaps actually read, appear as excerpts and aphorisms in the writings of numerous other air power spokesmen, advocates-and critics. Though a highly controversial figure, the very controversy that surrounds him offers to us a testimonial of the value and depth of his work, and the need for airmen today to become familiar with his thought. The progressive development of air power to the point where, today, it is more correct to refer to aerospace power has not outdated the notions of Douhet in the slightest. In fact, in many ways, the kinds of technological capabilities that we enjoy as a global air power provider attest to the breadth of his vision. Douhet, together with Hugh “Boom” Trenchard of Great Britain and William “Billy” Mitchell of the United States, is justly recognized as one of the three great spokesmen of the early air power era. This reprint is offered in the spirit of continuing the dialogue that Douhet himself so perceptively began with the first edition of this book, published in 1921. Readers may well find much that they disagree with in this book, but also much that is of enduring value. The vital necessity of Douhet’s central vision—that command of the air is all important in modern warfare—has been proven throughout the history of wars in this century, from the fighting over the Somme to the air war over Kuwait and Iraq.

The bounty hunters introduced in "Shadows of the Empire", and who returned in "The Mandalorian Armor", come to life in this compelling new novel as Boba Fett battles a conspiracy, Bossk struggles to rule the other bounty hunters, and Kuat fights the maneuverings of Prince Xizor.
